REVIEW DRAFT FISCAL YEAR 2014-2015 BUDGET

<u>ITEM</u>

Review draft fiscal year 2014-2015 Budget [RECOMMEND REVIEW DRAFT BUDGET, DIRECT STAFF TO SCHEDULE ADOPTION HEARING].

BUDGET BACKGROUND

On May 9, 2014, the Finance and Audit Committee met and reviewed the draft Fiscal Year 2014-2015 Budget. The Finance and audit Committee recommended minor changes and their recommendations have been included in the draft.

The draft of the budget is projecting a net operating surplus of \$2,289,888 and an overall net deficit after non-operating revenues and expenditures of (\$23,227) or 0.3% of Total Revenue. Each Fund has its own impact on the overall net deficit — whether positive or negative, therefore, each Fund must be looked at individually.

OPERATIONS AND MAINTENANCE FUNDS

Fund #125 – Water (Pages 30 & 31)

This Fund is budgeted to have a net operating surplus of \$589,913 and an overall net surplus after non-operating revenues and expenditures of \$259,513. This includes a transfer of \$566,000 to Funded Replacement and the budgeted purchase of \$92,100 in fixed assets. In 2013, Certificates of Participation (COP) were issued as part of the financing plan to fund the supplemental water project. The COP's were first secured by available ad valorem property taxes and then water revenues. \$250,000 is being transferred to cover the remaining balance due on the current year debt service after property taxes have been applied. It is also proposed that \$500,000 be transferred to the Supplemental Water Project. At the end of fiscal 2014-2015, the Water Fund is projected to be below its Cash Reserve Goal pursuant to the District's Cash Reserve Policy.

Fund #128 - Water Rate Stabilization Fund (Pages 32 & 33)

This Fund is budgeted to have an overall surplus \$1,500. This Fund was established in December 2012 and funded by a transfer in from Fund #125. The purpose of these funds is to serve as a buffer to water rates during any period where there are unexpected increases in operating costs and/or decreases in revenues. The Water Rate Stabilization Fund is projected to continue meeting its Cash Reserve Goal pursuant to the District's Cash Reserve Policy.

Fund #130 - Town Sewer (Pages 34 & 35)

This Fund is budgeted to have a net operating surplus of \$436,108 and an overall net surplus after non-operating revenues and expenditures of \$330,658. This includes a transfer of \$395,000 to Funded Replacement and the budgeted purchase of \$103,200 in fixed assets. In June 2012, the District issued Certificates of Participation to fund the Southland WWTF upgrade. The semi-annual principal and interest payments required for debt service repayments are funded from a transfer in from the Sewer Sinking Fund #880. Once the Sewer Sinking Fund #880 is exhausted, in approximately 2 years, sewer rates and charges will be used for repayment. A Town sewer rate and capacity charge study is included in this budget. The last Town Sewer rate increase went into effect on January 1, 2010. The Town Sewer Fund is projected to continue meeting its Cash Reserve Goal pursuant to the District's Cash Reserve Policy.

Fund #135 – Town Sewer Rate Stabilization Fund (Pages 36 & 37)

This Fund is budgeted to have an overall surplus \$1,150. This Fund was established in June 2012 as a requirement for issuance of Certificates of Participation and was funded by a transfer in from Fund #130. The purpose of the Fund is to serve as a buffer to sewer rates during any period where there are unexpected increases in operating costs and/or decreases in revenues. The Sewer Rate Stabilization Fund is projected to continue meeting its Cash Reserve Goal pursuant to the District's Cash Reserve Policy.

Fund #150 - Blacklake Sewer (Pages 38 & 39)

This Fund is budgeted to have a net operating deficit of (\$1,221) and overall net deficit after non-operating revenues and expenditures of (\$11,971). This includes a transfer of \$168,000 to Funded Replacement and the budgeted purchase of \$11,700 in fixed assets. The cash reserves will be used for the fixed asset purchases. The last approved rate increase went into effect on January 1, 2013. A sewer master plan is in progress and the results will be presented to the Board of Directors later in the year. Based on the findings of the master plan, budget amendments may be proposed. The Blacklake Sewer Fund is projected to continue meeting its Cash Reserve Goal pursuant to the District's Cash Reserve Policy.

Fund #155 - Blacklake Sewer Rate Stabilization Fund (Pages 40 & 41)

This Fund is budgeted to have an overall surplus \$190. This Fund was established in December and funded by a transfer in from Fund #150. The purpose of this Fund is to serve as a buffer to sewer rates during any period where there are unexpected increases in operating costs and/or decreases in revenues. The Blacklake Sewer Rate Stabilization Fund is projected to continue meeting its Cash Reserve Goal pursuant to the District's Cash Reserve Policy.

Fund #200 - Blacklake Street Lighting (Pages 42 & 43)

This Fund is budgeted to have a net overall surplus of \$1,858. The current assessment of \$44.00 on 557 parcels covers all of the budgeted costs. There is no proposed assessment increase this fiscal year. The maximum allowable assessment of \$52.00 was established in FY 1993-94. The Blacklake Street Lighting Fund is projected to achieve its Cash Reserve Goal by the end of FY 2014-2015.

Fund #250 - Street Landscape Maintenance District (Pages 44 & 45)

This Fund is budgeted to have a net overall surplus of \$710. The District Engineer has prepared the annual Engineer's Report, which is reflected in this draft Budget. The Street Landscape Maintenance District is projected to achieve its Cash Reserve Goal by the end of FY 2014-2015.

Fund #300 - Solid Waste (pages 46 & 47)

This Fund is budgeted to have a net overall surplus of \$70,450. The Board of Directors appointed a Solid Waste Committee to determine uses of the funds. Staff has included a place-holder of \$50,000 for a Solid Waste Program. Based upon Committee recommendations and Board approval, this budget may be amended. The Solid Waste Fund is projected to continue meeting its Cash Reserve Goal pursuant to the District's Cash Reserve Policy.

<u>Fund #400 – Drainage (Pages 48 & 49)</u>

This Fund is budgeted to have a net overall surplus of \$12,740. The current ad valorem tax covers all budgeted costs. The Drainage Fund is projected to achieve its Cash Reserve Goal in two years.

Fund #805 – Funded Replacement Water (Pages 50 & 51)

This Fund is budgeted to have a surplus of \$17,679. The revenue is a transfer in of \$566,000 from Fund #125 – Water and interest income. The expenditures include replacement projects for the water system that can be found on page 59 of the draft budget.

Pursuant to the Cash Reserve Policy, the Cash Reserve Goal for this fund is based on the 2007 Replacement Study, and is currently \$18,820,000. The 2007 Replacement Study also determined that bi-monthly customer water rates would have had to been increased substantially beginning in 2007, in order to achieve this level of reserves. The Board did not take action on all recommendations of the 2007 Study.

Fund #810 - Funded Replacement Town Sewer (Pages 52 & 53)

This Fund is budgeted to have a net deficit of (\$88,300). The revenue is a transfer in of \$395,000 from Fund #130 – Town Sewer and interest income. The expenditures include replacement projects for the sewer system that can be found on page 59 of the draft budget.

Pursuant to the Cash Reserve Policy, the Cash Reserve Goal is based on the 2007 Replacement Study and is currently \$3,500,000. The 2007 Replacement Study also determined that bi-monthly sewer rates would have had to been increased between \$8 and \$12 beginning in 2007 in order to achieve this level of reserves. The Board did not take action on all the recommendations of the 2007 Study.

Fund #830 - Funded Replacement Blacklake Sewer (Pages 54 & 55)

This Fund is budgeted to have a deficit of (\$110,500). The revenue is a transfer in of \$168,000 from Fund #150 – Blacklake Sewer and interest income. The expenditures include replacement projects for the sewer system that can be found on page 59 of the draft budget.

Pursuant to the Cash Reserve Policy, the Cash Reserve Goal is based on 2007 Replacement Study, which is currently \$1,020,000. The 2007 Replacement Study also determined that Blacklake sewer customer rates would have had to been increased between \$44 and \$50 on a bi-monthly basis beginning in 2007 in order to achieve this level of reserves. The Board did not take action on all the recommendations of the 2007 Study.

Fund #880 – Town Sewer Sinking Fund (Pages 56 & 57)

This Fund is budgeted to have a deficit of (\$508,904) which includes a transfer to Town Sewer Fund #130 for payment of semi-annual principal and interest debt service on the 2012 Certificates of Participation. It is anticipated that this fund will be exhausted in approximately 2 years and will have served the purpose for which it was established-funding Southland WWTF upgrade.

NON-OPERATING BUDGETS

Fund #700 - Town Water Capacity (Page 67)

This Fund includes budgeted capital improvement projects of \$350,000. This fund has adequate reserves to cover the expenditures.

Fund #710 - Town Sewer Capacity (Page 68)

This Fund includes does not include any budgeted capital expenditures. This fund will be used to fund future expansion of the Southland WWTF, as needed.

Fund #600 - Property Taxes (Page 69)

INTRODUCTION

The Nipomo Community Services District is a multi-service special district formed on January 28, 1965, under the Community Services District Law, California Government Code Section 61000 et. seq. The Nipomo Community Services District serves the residents and property owners within the limits of its approximately seven square miles service area with water, sewer, solid waste, street lighting to the Blacklake Village, limited drainage and limited street landscape maintenance.

The legislative head of the District is an elected Board of Directors composed of five members. Each member serves a four-year term, and elections are held every two years, on even-number years. The terms for the Board of Directors are staggered. Regular meetings are held at the District Board Room, 148 South Wilson Street, Nipomo, California, at 9:00 a.m. on the second and fourth Wednesdays of each month. The current Directors are:

Craig Armstrong President
James Harrison Vice President
Larry Vierheilig Director
Dan Gaddis Director
Bob Blair Director

The District has seventeen full-time and two half-time staff positions budgeted in 2014-2015. The positions budgeted include 1-General Manager; 1-Assistant General Manager/Finance Director; 1-Director of Engineering and Operations; 1-Assistant Engineer; 1-Secretary; 1-Billing Clerk; 1-Water Supervisor; 1-Wastewater Supervisor; 3-Utility Operators, 4- Utility Workers; 2-Water Maintenance/Customer Service workers; 1-Information Assistant (half-time) and 1-Utility Office Assistant (half-time). At the end of Fiscal Year 2013-2014, four positions are unfilled. Those positions include 1-Wastewater Supervisor; 2-Utility Operator and 1-Water Maintenance/Customer Service Worker. The District envisions staffing all of those vacant positions in the coming fiscal year. The District is represented by the law firm of Shipsey and Seitz.

The District Office is open to the public from 8:00 a.m. to 4:30 p.m. Monday through Friday except holidays. In addition, the District has a 24-hour telephone number, (805) 929-1133. This number is answered by an answering service during non-business hours and service related emergency calls are forwarded to standby personnel. Facsimile transmissions may be made to (805) 929-1932, web site is ncsd.ca.gov and email is info@ncsd.ca.gov. All other emergency requests are handled through the 911 system.

BUDGET PREPARATION

1. OPERATING AND NON-OPERATING BUDGETS

NCSD's budget is separated into two budgets - the Operating Budget and the Non-Operating Budget. The Operating Budget represents the day-to-day operations and maintenance of the District. The expenditures from the Operating Budget are funded from water and sewer use revenues, solid waste, street lighting and street landscape maintenance charges. The Non-Operating Budget represents the long-term capital financing program of the District. The Non-Operating Budget is funded by capacity charges, general purpose property taxes and certificates of participation.

Each Fund of NCSD has its own budget. The Funds in the Operating Budget are as follows:

#110	Administration
#125	Water
#128	Water Rate Stabilization
#130	Sewer Fund-Town Division
#135	Sewer Rate Stabilization Fund-Town Division
#150	Sewer Fund-Blacklake Division
#155	Sewer Rate Stabilization Fund-Blacklake Divsion
#200	Blacklake Street Lighting
#250	Street Landscape Maintenance District
#300	Solid Waste
#400	Drainage
#805	Funded Replacement-Water
#810	Funded Replacement-Town Sewer
#830	Funded Replacement-Blacklake Sewer
#880	Town Sewer Sinking

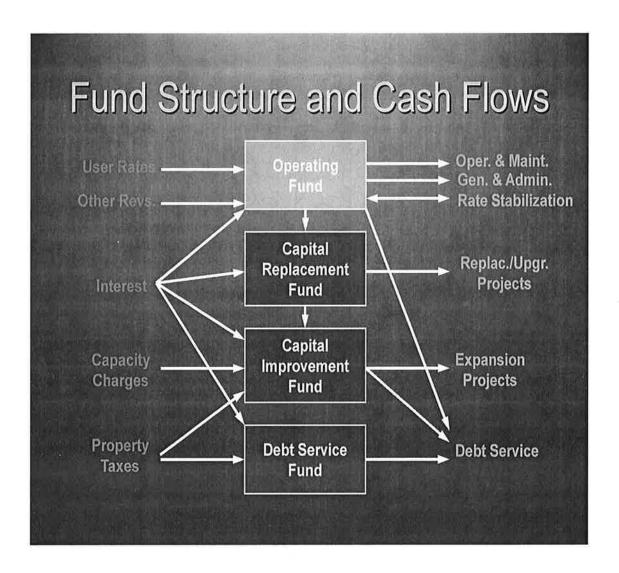

The Funds in the Non-Operating Budget are as follows:

#500	Supplemental Water
#600	Property Tax
#700	Water Capacity Charges
#710	Sewer Capacity Charges -Town Division

The Administration Fund accounts for all of the assets and resources used for the general administration of the District. The remaining operating funds are "enterprise funds". The purpose of enterprise funds is to account for operations in a manner similar to private business enterprises. The policy defined by the elected Board of Directors is that the costs of providing service (expenses, including depreciation of providing goods and services) be financed or recovered primarily through user charges.

2. FUND AND RESERVE STRUCTURES AND CASH FLOWS

The model below provides a helpful overview of the fund and non-designated reserve structure and cash flows of the District. The revenues (sources) of funds include user rates, other revenues, interest income, capacity charges and property taxes. The expenditures (uses) of funds include operations and maintenance, general and administrative costs, replacement and upgrade projects, expansion projects and debt service. In addition, there are transfers into, out of, and between funds and non-designated reserves.

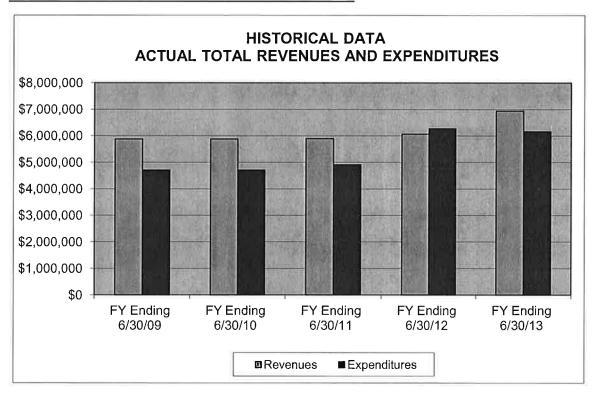

3. FINANCIAL OVERVIEW

PROPOSED 2014-2015 BUDGET COMPARED TO ADOPTED 2012-2013 BUDGET

- Total budgeted Revenues for fiscal year 2014-2015 is \$8,438,317. This is an increase of 9.1% above the budgeted Revenues for fiscal year 2013-2014. A graph depicting the revenues can be found on page 19.
- Total budgeted Expenditures for fiscal year 2014-2015 is \$8,461,544. This is a
 increase of 5.5% above the budgeted Expenditures for fiscal year 2013-2014
 (excluding Fixed Assets and Funded Replacement Projects). A graph depicting
 the expenditures can be found on page 20.

ACTUAL TOTAL REVENUES AND EXPENDITURES

NET POSITION

As of June 30, 2013, the District's net position exceeded \$57 million dollars.

Total Assets	\$82,650,900
Total Liabilities	\$24,770,222
Total Net Position	\$57,880,678

AUDIT

An audit of the District's financial statements is conducted annually by an independent Certified Public Accountant. A copy of the most recent audit report may be found at the District's web site ncsd.ca.gov.

4. THE NON-OPERATING BUDGET - CAPITAL IMPROVEMENT PROJECTS

Capital facilities (infrastructure) represent a major investment by Nipomo Community Services District. Supply, treatment, transmission, and distribution facilities are needed to provide water service to customers of the District. Investment in collection, transmission, treatment and disposal facilities are required for wastewater service. Capital investments are necessary to maintain reliable, high-quality service to existing customers and to provide facilities for future growth and economic development.

The magnitude of investment required for proper management of a utility system requires development of an effective long-range capital financing plan. The most important factor affecting capital expansion is growth in demand. As areas are developed or annexed, additional pressure is placed on a utility to provide water and wastewater services. The capital investment required to support this growth should be funded in such a way so that the financial risks relating to growth are minimized for the District and its customers. The Capital Financing Plan of the District will be funded with capacity charges paid for by new development, interest earned, property taxes, Certificates of Participation and Assessment Districts. A summary of the proposed Capital Improvement Projects may be found on page 65 and a description of each project may be found on page 66.
