and the committee shall be considered dissolved when its final report has been made.

**12.2 Standing Committees**

- (a) The Board may create standing committees at its discretion. The Board President shall propose and the Board of Directors shall approve standing committee membership.
- (b) Standing committees shall be advisory committees to the Board of Directors and shall not commit the District to any policy, act or expenditure. - 13.2 All letters and other documents received by the District that are of District-wide concern, as determined by District staff.

**14. CONFLICTS AND RELATED POLICY**

State laws and a local conflict of interest policy are in place to prohibit Directors and designated employees of the District from making, participating in making, or using their official positions to influence a governmental decision that may have a material financial effect (positive or negative) on that individual's financial interests.. The purpose of such laws and regulations is to insure that all actions are taken in the public interest, and to eliminate not only actual impropriety in the District's decision-making process, but also any appearance of impropriety. Laws which regulate conflicts of interest are very complicated, and the consequences of a violation are significant. The following provides a very brief summary of various conflict related laws. Directors and District employees are encouraged to consult with District Legal Counsel and/or the FPPC at 1-800-ASK-FPPC (1-800-275-3772), prior to the day of the meeting, if they have questions about a particular agenda item in which they may have a conflict of interest.

**14.1 Conflict of Interest**

Each Director is encouraged to review the District Conflict Code on an annual basis, and take advantage of training opportunities to learn or refresh their knowledge of conflict of interest rules. Directors should consult District legal counsel for advice on conflict of interest issues at the earliest possible time and before participating in governmental decisions in which they may have a conflict of interest. The general rule is that an official may not make, participate in making, or use their official position to influence a governmental decision if it is: reasonably foreseeable that the decision will have a material financial effect on the official or a member of his or her immediate family or on an economic interest of the official or his or her immediate family, and the effect is distinguishable from the effect on the public generally. Further, Directors are required to abstain from Board proceedings in which a campaign contributor of more than \$250 in the previous 12 months is a party or participant; and Directors are prohibited from soliciting or accepting campaign contributions from involved parties or participants during and for 12 months following a local agency decision on contracts, licenses, permits and use entitlements from the District.

14.1.1 FPPC regulations related to interests in real property provide that, if the real property in which the Director has an interest is located 500 feet or less from the boundaries of the property affected by a decision, the impact of the decision on that interest is deemed to be material, and the official has a conflict of interest, unless there is "clear and convincing evidence" that the decision will not have any measurable impact on the official's property. For decisions that affect real property that is located between 500 feet and 1,000 feet of the official's real property interest, the decision is presumed to be material, and the official has a conflict of interest, if the decision would change the parcel's market value, development potential, income potential, highest and best use, or character by substantially altering traffic levels, intensity of use, parking,, view, privacy, noise levels or air quality. For decisions that involve real property that is located more than 1000 feet from the official's real property, the regulations assume that the effect of a decision on an official's real property interest is **not** material, and thus not a conflict of interest, unless there is clear and convincing evidence to the contrary.

14.1.2 FPPC Regulations also govern conflicts of interest and establish materiality standards for decisions that would affect officials' sources of income or gifts, investments, business positions, and the other financial interests that each official is required to report on his or her Form 700 disclosure form each year. For advice on these issues, Directors should consult with District Counsel or the FPPC as advised above.

NIPOMO COMMUNITY SERVICES DISTRICT

14.1.3 The conflict of interest laws require that any official who has a conflict of interest in any decision of the District must announce the existence and nature of the conflict and abstain from making, participating in making or using his or her official position to influence the making of the governmental decision. Abstention also requires the official to leave the room while the issue is being deliberated or voting on, unless the decision is on the Board's consent calendar, in which case the official may remain in the room, note the conflict and abstention on the record and, not participate in any vote or discussion,

14.1.4 Disqualified officials may, in limited circumstances, participate as a member of the public in a proceeding in furtherance of their own personal property interests.

**14.2 Interest in Contracts, Government Code Section 1090**

The prohibitions of Government Code Section 1090 provide that the Board of Directors may not contract with any business in which any Director has a financial interest.

**14.3 Incompatible Office, Government Code Section 1099**

The basic rule is that public policy requires that when the duties of two offices are repugnant or overlap so that their exercise may require contradictory or inconsistent action, to the detriment to the other public interest, their discharge by one person is incompatible with that interest. When a Director is sworn in for such a second, incompatible, office, he/she simultaneously forfeits the first office.

**15. CONTINUING EDUCATION**

Directors are encouraged to attend educational conferences and professional meetings when the purposes of such activities are to improve District operation. Subject to budgetary constraints, there is no limit to the number of Directors attending a particular conference or seminar when it is apparent that their attendance is beneficial to the District.

**16. BOARD BY-LAWS REVIEW POLICY**

Subject to 3.1 the Board By-Laws and Policies shall be reviewed annually at the first regular meeting in February. The review shall be provided by District Counsel and ratified by Board action.
