MANAGEMENT DISCUSSION AND ANALYSIS

The Nipomo Community Services District's Management Discussion and Analysis is an overview of the most recent completed fiscal year's activities designed to:

- Assist the reader in identifying significant financial issues
- Provide an overview of the District's fiscal year financial activity
- Identify changes in the District's financial position
- Identify any material deviations from the financial plan (the approved budget)
- Identify individual fund issues or concerns

Since the Management's Discussion and Analysis (MD & A) is designed to focus on the most recent completed fiscal year's activities, resulting changes and currently known facts, please read it in conjunction with the Independent Auditor's Report (beginning on page 2) and the District's financial statements (beginning on page 3).

A. DESCRIPTION OF THE BASIC FINANCIAL STATEMENTS

The Nipomo Community Services District's enabling legislation is found in §61000 et seq. of the Government Code and is commonly referred to as Community Services District law. Pursuant to Government Code §§61100 the District supplies water, sewer, solid waste, street lighting and drainage within the District boundaries.

Pursuant to Community Services District law the District:

- On or before July 1st of each year, adopts a preliminary budget or final budget that conforms to generally accepted accounting and budgeting procedures for Special Districts (Government Code §61110);
- On or before July 1st of each year, adopts a Resolution establishing the District's appropriations limit, if any, and makes other necessary determinations for the following fiscal year, pursuant to Article XIII B of the California Constitution;
- Annually provides for audits of the District's accounts and records (Government Code §61118);
- Provides annual financial reports to the Controller (Government Code §61118);
- Adopts rates and charges to cover costs reasonably borne by the District in providing water, sewer and solid waste collection services within the District boundaries pursuant to the guidelines identified in Water Code §71616 and Article XIII D of the California Constitution (Government Code Section §61123).

MANAGEMENT DISCUSSION AND ANALYSIS FISCAL YEAR ENDING JUNE 30, 2009

District Staff performs the accounting functions of the District. The District utilizes the Fund Accounting method. The National Council on Government defines the term *fund* as follows:

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities, or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following is the list of Funds used by the District (through June 30, 2009):

#110	Administration Fund
#120	Water Fund-Town Division
#130	Sewer Fund-Town Division
#140	Water Fund-Blacklake Division
#150	Sewer Fund-Blacklake Division
#200	Blacklake Street Lighting Fund
#250	Street Landscape Maintenance District Fund
#300	Solid Waste Fund
#400	Drainage Fund
#500	Supplemental Water Fund
#600	Property Tax Fund
#700	Water Capacity Charges Fund-Town Division
#710	Sewer Capacity Charges Fund-Town Division
#800	Funded Replacement-Town Water Fund
#810	Funded Replacement-Town Sewer Fund
#820	Funded Replacement-Blacklake Water Fund
#830	Funded Replacement-Blacklake Sewer Fund
#880	Town Sewer Sinking fund

The Administration Fund accounts for all of the assets and resources used for the general administration of the District. The remaining operating funds are "enterprise funds". The purpose of enterprise funds is to account for operations in a manner similar to private business enterprises. The policy defined by the elected Board of Directors is that the costs of providing service (expenses, including depreciation of providing goods and services) be financed or recovered primarily through user charges.

Financial statements (Consolidated Balance and Income Statements) are presented and reviewed quarterly by the Board of Directors, and confirmed annually by an outside independent audit. The footnotes, contained as supplemental information in the annual Audit Report, provide specific accounting details about Nipomo Community Services District such the basis of accounting, capital assets, and long-term debt. There were no significant accounting process changes during the fiscal year.

MANAGEMENT DISCUSSION AND ANALYSIS FISCAL YEAR ENDING JUNE 30, 2009

MANAGEMENT DISCUSSION AND ANALYSIS FISCAL YEAR ENDING JUNE 30, 2009

B. ANALYSIS OF OVERALL FINANCIAL POSITION AND RESULTS OF OPERATION (Comparison of Fiscal Year 2008-09 to Fiscal Year 2007-08)

- Overall revenues increased .3%
- Overall operating expenditures decreased 12%
- Total assets increased 5%
- Total liabilities increased 6%
- Capital contributions, including water and sewer capacity fees and developer donated assets decreased 75%

C. ANALYSIS OF BALANCES AND TRANSACTIONS OF INDIVIDUAL FUNDS

- Water revenues increased less than 1% for the fiscal year. The minimal increase is attributable to a decrease in water consumption and an increase in rates that went into effect on January 1, 2008 and January 1, 2009.
- Sewer revenues for the Town Division increased 35.6% and the Blacklake Division increased 43.2%. The increase in the Town Division is attributable to rate increases that went into effect on April 1, 2008 and January 1, 2009. The increase in the Blacklake Division is attributable to rate increases that went into effect on July 1, 2008 and April 1, 2009.

D. ANALYSIS OF SIGNIFICANT VARIATIONS BETWEEN THE BUDGET AND ACTUAL YEAR END RESULTS

COMPARISON OF BUDGET AMOUNTS TO ACTUAL

				% ACTUAL IS	POSITIVE (+) OR

Net Non Operating Income (Expenses)	\$ 1,032,506	\$	933,711	-9.5%	*

MANAGEMENT DISCUSSION AND ANALYSIS FISCAL YEAR ENDING JUNE 30, 2009

DESCRIPTION OF SIGNIFICANT CAPITAL ASSETS AND LONG-TERM DEBT ACTIVITY

All assets purchased by the District are valued at historical cost. Donated fixed assets are valued at their estimated fair market value on the date received by the District. Donated or contributed fixed assets from developers account for the largest increase in capital assets this year.

CAPITAL ASSETS CONTRIBUTED	FAIR MARKET VALUE
Water Division	\$629,981
Town Division Sewer	525,592
Blacklake Division Sewer	0
TO	TAL \$1,155,573

The total long-term debt as of June 30, 2009 is as follows:

Water Division	Eureka Well development	\$ 110,000
Town Division Sewer	Sewer plant expansion	812,666
Property Tax Secured	Water improvements and Supplemental Water	3,595,000
Total Long-term debt		\$4,517,666

E. DISCUSSION OF USE OF THE MODIFIED APPROACH TO REPORT INFRASTRUCTURE ASSETS

Not applicable. Nipomo Community Services District does not use the modified approach.

DESCRIPTION OF FACTS OR CONDITIONS THAT ARE EXPECTED TO HAVE A SIGNIFICANT EFFECT ON FINANCIAL POSITION OR RESULTS OF OPERATION

- The Board of Directors approved the waterline intertie project between NCSD and the City of Santa Maria. Expenditures are on-going with construction expected to begin in fiscal year 09-10.
- The planning and design of the upgrade to the Southland Wastewater Treatment Facility
- The legal and professional services fees continue due to the groundwater adjudication and Nipomo Mesa Technical Group.
- A water rate study is expected to be completed Fall 2009.

MANAGEMENT DISCUSSION AND ANALYSIS FISCAL YEAR ENDING JUNE 30, 2009

F. ECONOMIC FACTORS

The Nipomo Community Services District's water and sewer operations rely solely on user fees. The water rates increased on January 1, 2009. A water rate study is expected to be completed in Fall 2009.

The sewer rates for the Town and Blacklake Divisions will increase on January 1, 2010.

In order to develop and purchase supplemental water, the Board of Directors adopted Ordinance 2005-101 which provides for the collection of a supplemental water capacity charge for new development. The funds collected are restricted for supplemental water use.

Eight year summary of Water and Sewer Rates for a single family residence with a one inch meter:

WATER RATES AND CHARGES

As of June 30,	Bi-Monthly Availability Charge		onthly e Rates
		0 – 40 Units	41 + Units

Independent Auditor's Report

Board of Directors Nipomo Community Services District Nipomo, California

We have audited the accompanying financial statements of the business-type activities of the Nipomo Community Services District as of and for the year ended June 30, 2009, which collectively comprise the Organization's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit. The comparative financial statements of Nipomo Community Services District as of June 30, 2008 were audited by other auditors whose report dated August 19, 2008, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with U.S. Generally Accepted Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Nipomo Community Services District as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

The management's discussion and analysis on pages i through viii, are not a required part of the basic financial statements but are supplementary information required by U.S. Generally Accepted Accounting Principles. We have applied certain limited procedures, which consisted principally of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2009

NOTE 1: ORGANIZATION

The Nipomo Community Services District (District) is a multi-purpose special district and was formed on January 28, 1965 and began operations in November 1966. The District is a political subdivision of the State of California and operates under a Board of Directors — General Manager form of government. The District provides water, sewer, street lighting, solid waste, street landscape maintenance, drainage and general administrative services.

The District complies with U.S. Generally Accepted Accounting Principles (GAAP) and all relevant U.S. Governmental Accounting Standards Board (GASB) pronouncements. These technical pronouncements establish criteria for determining the organization's activities and functions that are included in the financial statements of a governmental unit. The proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

Reporting Entity

For financial reporting purposes, the District would include in this report all funds and account groups of all agencies and boards that are controlled by, or dependent upon, the District's legislative body. The criteria of control is determined on the basis of financial accountability, imposition of will, and financial benefit or burden.

The Nipomo Community Services District Public Facilities Corporation is a component unit of the District. This Corporation was formed to issue Revenues Certificates of Participation (COP'S) in May of 2003. The financial activity of the corporation is blended into the financial statements of the District.

The District is a member of the Special District Authority Risk Management Joint Powers Agency, which was organized for the purpose of providing general liability, automobile, errors and omissions, and property loss insurance coverage to special districts. This organization is financed through premium charges to each member. This organization does not meet the aforementioned reporting entity criteria and therefore is not included in the accompanying financial statements.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2009

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Proprietary Fund Financial Statements

The accounts of the District are organized into proprietary/enterprise funds. Enterprise funds use the economic resources measurement focus. The accounting objectives are a determination of net income, financial position, and cash flows. All assets and liabilities associated with an enterprise fund's activities are included on the balance sheet.

Basis of Accounting

The enterprise funds of the District are accounted for using the accrual basis of accounting. Revenues, including user fees and service charges, are recognized when earned, and expenses are recognized when incurred.

Budgets and Budgetary Accounting

An annual budget is adopted by the Board of Directors at the start of each fiscal year. Any changes or revisions to that budget throughout the year must be approved by the Board of Directors.

Estimates

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Accounts Receivable

Water and sewer charges are billed bi-monthly for all residential and commercial customers. Customer accounts receivable are placed on the tax roll when the receivable is deemed uncollectible by the District. An allowance for uncollectibles is not considered necessary since it would not be material.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2009

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property, Plant and Equipment

All fixed assets are valued at historical cost or estimated historical cost if actual costs are not available. Other donated fixed assets are valued at their estimated fair market value on the date received. Depreciation has been provided over the estimated useful life of the asset using the straight-line method. The estimated useful lives are as follows:

Wastewater Treatment Plant and Collection System

Water Supply/Distribution System

Buildings/Blowers

General Plant Machinery and Equipment

50 years
20-50 years
20 years
5-10 years

Compensated Absences

Depending on the length of continuous services, a range of 10-20 vacation and 12 days of sick leave per year may be accumulated by each employee. The District accrues a liability for compensated absences which meet the following criteria:

- 1. The District's obligation relating to employee's rights to receive compensation for future absences is attributable to employee's services already rendered.
- 2. The obligation relates to rights that vest or accumulate.
- 3. Payment of the compensation is probable.
- 4. The amount can be reasonable estimated.

In accordance with above criteria, the District has accrued a liability for vacation and sick pay which has been earned, but not taken by District employees, and is recorded as a liability.

Capital Contributions

Capital contributions are recorded when cash for capacity fees or fixed assets are received from developers, customers, or other governmental entities, and the purpose is for other than operating expenses.

Property Taxes

The County of San Luis Obispo bills and collects property taxes for the District. The County charges the District for these services. Tax revenues are recognized by the District in the year received.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2009

NOTE 3: CASH AND CASH EQUIVALENTS

The values of cash and cash equivalents at June 30, 2009 are summarized as follows:

Cash on hand	\$ 350
Demand deposits	73,122
Certificate of deposit	1,947,424
Cash and investments in pooled funds	22,262,739
Deposits with bond trustees	249,027
Total	\$ 24,532,662

The California Government Code requires California banks and savings and loan associations to secure a district's deposits by pledging government securities as collateral. The market value of pledged securities must equal at least 110% of a district's deposits. California law also allows financial institutions to secure district deposits by pledging first trust deed mortgage notes having a value of 150% of a district's total deposits. The District may waive collateral requirements for deposits which are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). Effective October 3, 2008, the FDIC temporarily increased insured deposits up to \$250,000 and is scheduled to return to \$100,000 after December 31, 2013.

Credit Risk, Carrying Amount, and Market Value

Cash is classified in three categories of credit risk as follows:

Category 1 -insured or collateralized with securities held by the entity or by its agent in the entity's name;

Category 2 -collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name; and

Category 3 - uncollateralized.

Investments in pools managed by other governments (LAIF) or in mutual funds are not required to be categorized.

As of June 30, 2009, the carrying amount of the District's cash deposits was \$2,269,573. The bank's balance was \$2,322,504. This difference is due to the normal deposits in transit and outstanding checks. District cash deposits by category as of June 30, 2009, are as follows:

	<u>1</u>	Category <u>2</u>	<u>3</u>	Bank <u>Balance</u>	Carrying <u>Amount</u>
Bank accounts	\$ 2,322,504	\$ 9-0-	\$ \$	2,322,504	\$ 2,269,573

NOTES TO THE FINANCIAL STATEMENTS June 30, 2009

NOTE 4: INVESTMENTS

Investments Authorized by the District's Investment Policy

The District is authorized to invest in the following institutions:

- 1. County pooled funds (California Government Code Section 61730)
- 2. The Local Agency Investment Fund created by the California State Treasury (California Government Code Section 16429.1)
- 3. One or more FDIC insurance banks and/or savings and loan associations that are designated as District depositories by resolution of the Board of Directors (California Government Code Section 61737.02)
- 4. Such other financial institutions or securities that may be designated by the Board of Directors from time to time in compliance with California and Federal law.

The District's investment policy does contain specific provisions intended to limit the District's exposure to interest rate risk, credit risk, and concentration of credit risk.

Investments Authorized by Debt Agreements

Investment of debt proceeds held by bond trustee and governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The table below identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type

Maximum Maturity

Money Market Mutual Funds

N/A

Disclosure Relating to Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The weighted average maturity of the investment contained in the LAIF investment pool is approximately 7 months.

Information about the sensitivity of the fair values of the District's investment to market interest rate fluctuations is provided by the following table that shows the maturity date of each investment:

State investment pool

\$ 22,262,739

Maturity Date
7 months average maturity

NIPOMO COMMUNITY SERVICES DISTRICT NOTES TO THE FINANCIAL STATEMENTS June 30, 2009

Investment in State Investment Pool

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the entity's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized costs basis.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. LAIF does not have a rating provided by a nationally recognized statistical rating organization.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by the state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgages notes having a value of 150% of the secured public deposits.

The custodial risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF).

NOTES TO THE FINANCIAL STATEMENTS June 30, 2009

NOTE 5: PROPERTY, PLANT, EQUIPMENT AND CONSTRUCTION IN PROGRESS

A summary of fixed assets by major classifications is as follows:

NOTES TO THE FINANCIAL STATEMENTS June 30, 2009

NOTE 8: JOINT POWERS AUTHORITY

The District is a member of the Special District Risk Management Authority (S.D.R.M.A.), an intergovernmental risk sharing joint powers authority, created pursuant to California Government Code Sections 6500 et.seq. In becoming a member of the S.D.R.M.A., the District elected to participate in the risk financing program(s) listed below for the program periods July 1, 2008 through June 30, 2009 and July 1, 2007 through June 30, 2008.

General Liability: Special District Risk Management Authority, coverage number LCA SDRMA 200809. This covers \$2,500,000 per occurrence with \$500 deductible.

<u>Public Officials and Employees Errors:</u> Special District Risk Management Authority, coverage number LCA SDRMA 200809. This covers \$2,500,000 per occurrence/general aggregate.

<u>Personal Liability Coverage for Board Members:</u> Special District Risk Management Authority, coverage number LCA SDRMA 200809. This covers \$500,000 per occurrence/general aggregate with a \$500 deductible.

Employment Practices Liability: Special District Risk Management Authority, coverage number LCA SDRMA 200809. This covers \$2,500,000 per wrongful employment practice/aggregate limits per member.

Employee Benefits Liability: Special District Risk Management Authority, coverage number LCA SDRMA 200809. This covers \$2,500,000 per occurrence/general aggregate.

Employee Dishonesty Coverage: Special District Risk Management Authority, coverage number EDC SDRMA 200809. This policy includes a \$400,000 Public Employees Dishonesty Blanket Coverage.

<u>Auto Liability:</u> Special District Risk Management Authority, coverage number LCA SDRMA 200809. This policy covers \$2,500,000 per occurrence with a property damage deductible of \$1,000.

<u>Automobile Physical Damage:</u> Special District Risk Management Authority, coverage number LCA SDRMA 200809. The coverage is on file with SDRMA.

<u>Uninsured/Under Insured Motorist:</u> Special District Risk Management Authority, coverage number UMI SDRMA 200809. This covers \$750,000 each incident.

<u>Trailer Coverage</u>: District Risk Management Authority, coverage number LCA SDRMA 200809. The coverage is on file with SDRMA.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2009

NOTE 8: JOINT POWERS AUTHORITY (continued)

Property Coverage: Special District Risk Management Authority, coverage number PPC SDRMA 200809. This policy covers the replacement cost for scheduled property, \$1,000,000,000 per occurrence. Deductible is on file with SDRMA.

<u>Boiler and Machinery:</u> Special District Risk Management Authority, coverage number BMC SDRMA 200809. This covers the replacement cost for scheduled property, \$100,000,000 per occurrence. Deductible is on file with SDRMA.

Workers Compensation Coverage and Employer's Liability: Special District Risk Management Authority, coverage number WCP SDRMA 200809. This covers \$300,000,000 per occurrence, respectively for workers' compensation and \$5,000,000 for employers' liability coverage.

The annual member contribution was \$36,310 for the Package Program, \$4,394 for the Comp/Collision Program and \$24,515 for the worker's compensation program. Members are subject to dividends and/or assessments, in accordance with Fourth Amended Joint Powers Agreement and amendments thereto, on file with the District. No such dividends have been declared, nor have any assessments been levied. Presently, there are no known refunds or credits due to the District. There has been no reduction in insurance coverage from the prior year. Insurance settlements have not exceeded insurance coverage for each of the past three fiscal years.

Condensed financial information for S.D.R.M.A. for the most recent year available is as follows:

		June 30,2008
Total assets Total liabilities	\$	71,125,296 48,802,348
Risk margin	\$	22,322,948
Total revenues Total expenses	\$	34,919,500 30,076,451
Net income	\$_	4,843,049

Complete audited financial statements on the S.D.R.M.A. are on file with the general manager of the District.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2009

NOTE 9: DEFINED BENEFIT PENSION PLAN

Plan Description

The Nipomo Community Services District contributes to the California Public Employees' Retirement System (CALPERS), an agent multiple-employer public employee defined benefit pension plan. CALPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CALPERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statute and District ordinance. Copies of CALPERS' annual financial report may be obtained from their Executive Office – 400 P Street, Sacramento, CA 95814.

Employee membership in CALPERS is compulsory for all regular full-time and part-time employees except those specifically excluded.

Benefits fully vest on reaching five years of services. Employees who retire at or after age 60 with five years of credited services, are entitled to a retirement benefit payable monthly for life. An employee's monthly service benefit is determined by computing the product: years of credited service multiplied by three percent multiplied by final-average monthly compensation. Final-average monthly compensation is the employee's average monthly salary during the last year of credited services, or the last three years, whichever is greater. Vested employees may retire at or after age 50 and receive reduced retirement benefits. CALPERS also provides death and disability benefits. These benefit provisions and all other requirements are established by State statute. Employees are required to contribute to the plan, however, the District agreed to pay the employees' portion. This amount is based upon a payroll contribution rate of eight percent. The District is required to contribute the remaining amounts necessary to fund CALPERS, using the actuarial basis specified by statute.

Funding Policy

Participants are required to contribute eight percent of their annual covered salary. The District makes the contribution required of District employees on their behalf and for their account. The District is required to contribute at an actuarially determined rate; the current rate is 19.106% of annual covered payroll. The contribution requirements of plan members and the District are established and may be amended by CALPERS.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2009

NOTE 9: DEFINED BENEFIT PENSION PLAN (continued)

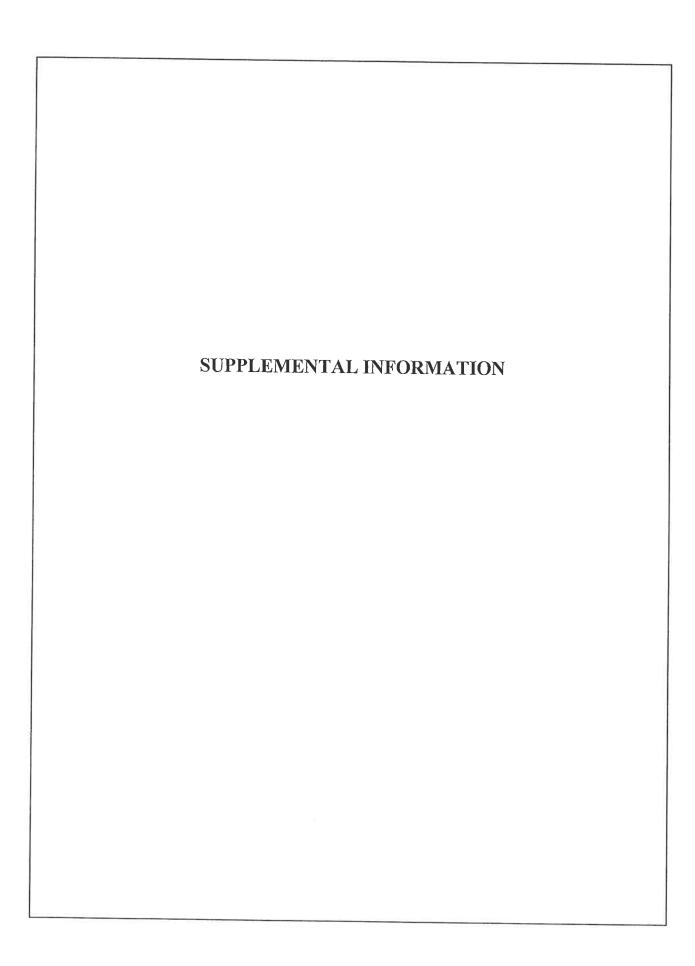

Actual Pension Cost

For the fiscal year ending June 30, 2009, the District's annual pension cost of \$201,980 for CALPERS was equal to the District's required and actual contributions. The required contribution was determined as part of the June 30, 2003, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) 8.25% investment rate of return (net of administrative expenses), (b) projected annual salary increases. The actuarial value of CALPERS assets was determined using techniques that smooth the effects if short-term volatility in the market value of investments over a two to three year period (smoothed market value).

Actuarial information concerning this pension plan is now combined with several other local districts and individual district information and three year trend information is no longer made available to the Nipomo Community Services District.

Post-employment Benefits

In addition to pension benefits, the District provides post-retirement health care benefits through the California Public Employees' Retirement System. Employees who retire on or after attaining age 50, are eligible for District paid health insurance. In prior years, the District reported the post-retirement health care benefits on a pay-as-you-go basis. During the current year, the District conducted an actuarial valuation to determine the required funding for this health care benefits program. Based on this valuation, the District contributed \$113,000 to an irrevocable trust to meet the current obligations of this program and to fully fund the liability. Currently, four retired employees are receiving 100% paid health care benefits totaling \$3,793 per month.
