**NIPOMO COMMUNITY SERVICES DISTRICT  
BUDGET  
FISCAL YEAR 2010-2011**

---

**INTRODUCTION**

The Nipomo Community Services District is a multi-service special district formed on January 28, 1965, under the Community Services District Law, California Government Code Section 61000 et. seq. The Nipomo Community Services District serves the residents and property owners within the limits of its approximately seven square miles service area with water, sewer, solid waste, street lighting to the Blacklake Village, limited drainage and limited street landscape maintenance.

The legislative head of the District is an elected Board of Directors composed of five members. Each member serves a four-year term, and elections are held every two years, on even-number years. The terms for the Board of Directors are staggered. Regular meetings are held at the District Board Room, 148 South Wilson Street, Nipomo, California, at 9:00 a.m. on the second and fourth Wednesdays of each month. The current Directors are:

James Harrison	President
Larry Vierheilig	Vice President
Mike Winn	Director
Ed Eby	Director
Bill Nelson	Director

The District is currently staffed with fourteen full-time employees and one part-time employee: 1-General Manager; 1-Assistant General Manager; 1-District Engineer; 1-Utility Superintendent; 1-Secretary; 1-Billing Clerk; 1-Conservation/Public Outreach Specialist; 1-Utility Field Supervisor; 1-Utility Operator/Water Quality Technician; 4-Utility Workers, 1- Maintenance Workers and 1-Utility Office Assistant (part time). The District is represented by the law firm of Shipsey and Seitz.

The District Office is open to the public from 8:00 a.m. to 4:30 p.m. Monday through Friday except holidays. In addition, the District has a 24-hour telephone number, (805) 929-1133. This number is answered by an answering service during non-business hours and service related emergency calls are forwarded to standby personnel. Facsimile transmissions may be made to (805) 929-1932 and web site is [ncsd.ca.gov](http://ncsd.ca.gov). All other emergency requests are handled through the 911 system.

**BUDGET PREPARATION**

**1. OPERATING AND NON-OPERATING BUDGETS**

NCSD's budget is separated into two budgets - the Operating Budget and the Non-Operating Budget. The Operating Budget represents the day-to-day operations and maintenance of the District. The expenditures from the Operating Budget are funded from water and sewer use revenues, solid waste, street lighting and street landscape maintenance charges. The Non-Operating Budget represents the long-term capital financing program of the District. The Non-Operating Budget is funded by capacity charges, general purpose property taxes and certificates of participation.

Each Fund of NCSD has its own budget. The Funds in the Operating Budget are as follows:

#110	Administration Fund
#125	Water Fund
#130	Sewer Fund-Town Division
#150	Sewer Fund-Blacklake Division
#200	Blacklake Street Lighting Fund
#250	Street Landscape Maintenance District Fund
#300	Solid Waste Fund
#400	Drainage Fund
#805	Funded Replacement-Water Fund
#810	Funded Replacement-Town Sewer Fund
#830	Funded Replacement-Blacklake Sewer Fund
#880	Town Sewer Sinking Fund

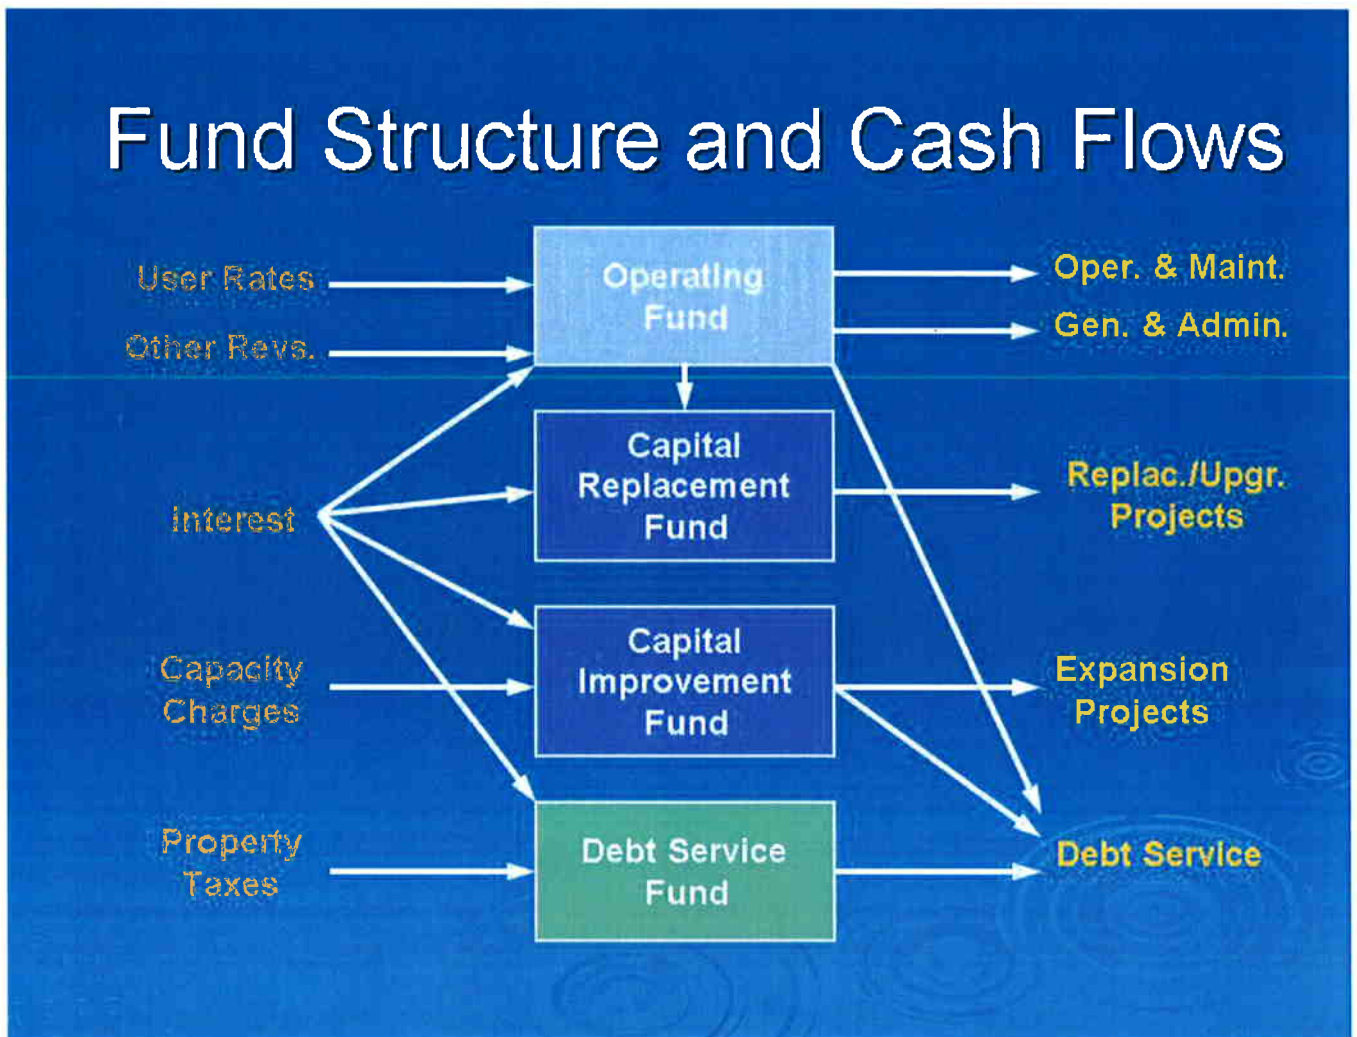

The Funds in the Non-Operating Budget are as follows:

#500	Supplemental Water Fund
#600	Property Tax Fund
#700	Water Capacity Charges Fund
#710	Sewer Capacity Charges Fund-Town Division

The Administration Fund accounts for all of the assets and resources used for the general administration of the District. The remaining operating funds are "enterprise funds". The purpose of enterprise funds is to account for operations in a manner similar to private business enterprises. The policy defined by the elected Board of Directors is that the costs of providing service (expenses, including depreciation of providing goods and services) be financed or recovered primarily through user charges.

2. FUND AND RESERVE STRUCTURES AND CASH FLOWS

The model below provides a helpful overview of the fund and non-designated reserve structure and cash flows of the District. The revenues (sources) of funds include user rates, other revenues, interest income, capacity charges and property taxes. The expenditures (uses) of funds include operations and maintenance, general and administrative costs, replacement and upgrade projects, expansion projects and debt service. In addition, there are transfers into, out of, and between funds and non-designated reserves.

**NIPOMO COMMUNITY SERVICES DISTRICT  
BUDGET  
FISCAL YEAR 2010-2011**

**3. FINANCIAL OVERVIEW**

- Total budgeted Revenues for fiscal year 2010-2011 is \$7,647,368. This is an increase of 5.5% above the estimated actual Revenues for fiscal year 2009-2010. A graph depicting the revenues can be found on page 19. The increase is attributable to sewer rate increases.
- Total budgeted Expenditures for fiscal year 2010-2011 is \$8,489,697. This is an increase of 5.2% over the budgeted Expenditures for fiscal year 2009-2010 (excluding Fixed Assets and Funded Replacement Projects). A graph depicting the expenditures can be found on page 20. The increase is attributable to increased costs of operations and maintenance and increase in District staffing including salary and benefits.

- As of June 30, 2009, the District's net assets exceeded \$50 million dollars.

Total Assets	\$55,640,135
Total Liabilities	\$5,602,600
Total Net Assets	\$50,037,535

An audit of the District's financial statements is conducted annually by an independent Certified Public Accountant. A copy of the audit report may be found at the District's web site [ncsd.ca.gov](http://ncsd.ca.gov).

#### 4. THE NON-OPERATING BUDGET - CAPITAL IMPROVEMENT PROJECTS

Capital facilities (infrastructure) represent a major investment by Nipomo Community Services District. Supply, treatment, transmission, and distribution facilities are needed to provide water service to the various customers of the District. Investment in collection, transmission, treatment and disposal facilities are required for wastewater service. Capital investments are necessary to maintain high-quality service to existing customers and to provide facilities for future growth and economic development.

The magnitude of investment required for the proper management of a utility system mandated the development of an effective long-range capital financing plan. The most important factor affecting capital expansion is growth in demand. As areas are developed or annexed, additional pressure is placed on a utility to provide water and wastewater services. The capital investment required to support this growth should be funded in such a way so that the financial risks relating to growth are minimized for the District. The Capital Financing Plan of the District will be funded with capacity charges, interest earned, property taxes, Certificates of Participation and Assessment Districts. A summary of the proposed Capital Improvement Projects may be found on page 55 and a description of each project may be found on page 56.
