FROM: MARIO IGLESIAS
GENERAL MANAGER

AGENDA ITEM F

JUNE 8, 2016

DATE: June 6, 2016

GENERAL MANAGER'S REPORT (Amended Report)

ITEM

Standing report to your Honorable Board -- *Period covered by this report is May 23, 2016 through June 3, 2016.*

DISTRICT BUSINESS

Administrative

The District encourages residents to provide reports of any observed water waste. Staff follows up each report with phone calls and written notice to customers when warranted.

Office Activities

	Apr-16*	Year-to-Date
Reports of water waste followed up on	0	4
Accounts with abnormally high water usage	12	52
Leak Adjustments	1	10
Amount	\$154	\$2,216

*May accounting not available due to software transition. Figures will be reported in next General Manager's Report.

Water Resources

1) Total Production (AF)

	May-16	Year to date Jul-May 2016
Groundwater Production ¹	128.6	1,021.6
Supplemental Water Imported ²	56.5	597.6
Total Production	185.1	1,619.2

- 1,021.6 acer feet ("acft") of water was pumped from the groundwater basin by the District's wells.
- To meet the District's target of bringing a minimum of 645 acre-feet of supplemental water into the community for fiscal year 2015-16, the District must maintain an average of 53.75 acre-feet/month. Table 1 – Total Production shows the District imported 56.5 acft in May, bringing the YTD total to 597.6 acft through the SWP. For the remaining month of the fiscal

year, the District will import approximately 55 acft. By doing so, the District will exceed the goal for the fiscal year of 645 acft of imported supplemental water by approximately 7 acft.

2) Production verse State Reduction Target for 2016 (AF)

	May-16	Year-to-Date Jul-May 2016
Total Production for FY 2015-16	185.1	1,619.2
Total Production for 2013	265.4	2,373.4
Reduction	-80.36	-754.17
Percentage Reduction	30.3%	31.8%
State Reduction Mandate	28.0%	28.0%
Difference in Percent Reduction vs. Targeted Reduction	-2.3%	-3.8%

The District's State-mandated reduction goal is 28% month to month and cumulative. The community exceeded the State-mandated reduction goal by 2.3% for the month of May, and the cumulative by 3.8%.

3) Production versus NMMA Reduction Target for the Period

	May-16	Year-to-Date
Total Production for 2016	185.1	1,619.2
Average Production for 2009-2013	261.6	2,269.7
Reduction	-76.57	-650.54
Percentage Reduction	29.3%	28.7%
Target Reduction per NMMA	30.0%	30.0%
Difference in Percent Reduction vs. Targeted Reduction	-0.7%	-1.3%

Due to the Spring 2015 Key Wells Index results, NMMA public water purveyors (NCSD, Golden State WC, and Woodlands Mutual WC) are required to reduce groundwater production by 30%. The District remains in Stage III Shortage conditions.

4) GW Only Production versus NMMA reduction target for the period

	May-16	Year-to-Date
Total GW Production for FY 2015-16	128.6	1,021.6
Average GW Production for 2009-2013	261.6	2,269.7
Reduction	-133.04	-1,248.2
GW Reduction Percentage	51%	55%

5) NCSD GW Reduction (NCSD GW Well Production plus Purveyor Credit)

	May-16	Year-to-Date
NCSD GW Well Production	128.6	1,021.6
Purveyor Customer Credit (33.3% of Import Water)	18.0	191.0
NCSD Total Calculated GW Production	146.6	1,212.6
Average GW Production for 2009-2013	261.6	2,269.7
NCSD Percentage of GW Reduction	44%	47%

Rainfall Gauge

Rainfall Summary (in inches) Rainfall Not Reported for May	Nipomo East (Dana Hills Reservoirs)	Nipomo South (Southland Plant)
April 2016 Total	0.39	0.32
July through April Seasonal Total	12.12	9.57
Average Year	18	16

The rainfall gauge readings are from San Luis Obispo County’s two rain gauges in the NCSD area.

Safety Program

- No accidents or incidents to report.

Public Outreach

- The following Public Outreach Program materials are attached:
 - A summary of recent outreach and education activities
 - District related outreach, advertising and news coverage
 - Press release log
 - Social media traffic summary and website statistics

Other Items and News of Interest

There are no other items for May 2016.

- Software Upgrade Installed
- More informative Utility Bill [attached example]

Supplemental Water Capacity Accounting

The District is not currently accepting applications for new water service. No change from the previous report.

Supplemental Water Available for Allocation	500 AFY
Supplemental Water Reserved (Will Serve Letter Issued)	-5.8 AFY
Subtotal Net Supplemental Water Available for Allocation	494.2 AFY
Supplemental Water Assigned (Intent-to-Serve Issued)	-206.3 AFY
Total Remaining Supplemental Water Available for Allocation	287.9 AFY

NOTE: 206.3 AFY of water reservations represents approximately \$3.2 million in potential Supplemental Water Capacity Charges.

Connection Report

May accounting figures were unavailable due to the Utility Billing software upgrade. May figures will be reported in the next General Manager's Report.

Nipomo Community Services District
Water and Sewer Connections

END OF MONTH REPORT

	JAN-15	FEB-15	MAR-15	APR-15
Water Connections (Total)	4344	4349	4349	4349
Sewer Connections (Total)	3131	3136	3136	3136
Meters turned off (Non-payment)	14	14	9	12
Meters off (Vacant)	37	39	44	42
Sewer Connections off (Vacant)	6	8	12	8
New Water Connections	7	5	0	0
New Sewer Connection	8	5	0	0
Galaxy & PSHH at Orchard and Division Sewer Connections billed to the County	468	468	468	468

Meetings (May 21 through June 3)

Meetings Attended (telephonically or in person):

- *May 25, Regular Board Meeting*
- *May 25, City of Santa Maria – Utilities Director*
- *May 26, Chamber of Commerce*
- *May 26, Brezack Associates – CIP Funding*
- *May 26, Management Team*
- *May 27, Mike Seitz – General Counsel*
- *May 27, Oaks of Nipomo - Development*
- *May 31, Public Information Program Director*
- *May 31, Operations/Admin Coordination*
- *May 31, Board Officers*

- *June 1, RWMG Regular Meeting*
- *June 1, NCMA – Oceano GM*
- *June 1, Management Team*
- *June 1, Nipomo Rotary*
- *June 2, Charter News Interview*
- *June 3, Easement Acquisition - JRPS*
- *June 3, Operations/Admin Coordination*

Meetings Scheduled (June 4 through June 10):

- *June 6, Case Hearing – N. Heal*
- *June 6, Water Board – New Self-certifying Development*
- *June 7, Public Information Program Director*
- *June 8, Regular Board Meeting*
- *June 8, SAMA Event*
- *June 9, Management Team*
- *June 10, Seitz – General Counsel*
- *June 10, NCSD Quarterly All-hands*

RECOMMENDATION

Staff seeks direction and input from your Honorable Board

Nipomo Community Services District

Important Information from Nipomo Community Services District • Issue 14

Uncertain Times as Drought Continues District prepares for continued water shortage conditions

With spring coming to a close, measurements from area key wells are being gathered and analyzed. Data will show if Nipomo's groundwater table is still in a severe shortage status or if it has improved. In the coming months, the District may need to consider response options based on its Water Shortage Response and Management Plan.

Water Shortage Response and Management Plan

In Spring 2014, the Board implemented a Water Shortage Response Program which outlines the steps to be taken by the District during water shortages. The program has five stages.

On May 21, 2015, the Board declared a Stage III water shortage, urged customers to reduce their usage by 30%, and halted all new applications for service. Over the past year, overall District pumping has decreased an average of 32% thanks to the hard work of customers!

As more groundwater data is presented, the need for increased conservation may be necessary. Importing more supplemental water and cutting water use is critical for overall basin health and to keep groundwater levels from falling below sea level, possibly causing a condition that could contaminate the water supply. The District is preparing to make critical decisions, if necessary, in the coming months in order to protect our water supply.

More on page 2.

New Billing Software and Account Numbers

The District is currently transitioning its billing software to a more modern system, allowing the District to better serve its customers. With this upgrade, customers can expect some changes to their bill including their account number. Read more inside.

Reminder: Scheduled Supplemental Water Rate Increase July 1st

In November 2014, the Board of Directors approved a Supplemental Water rate schedule to pay for the water imported from Santa Maria. The rate was implemented in July 2015 once the first deliveries of water arrived. The next scheduled increase will be effective July 1st, 2016. For the full rate schedule, visit the District's website at www.ncsd.ca.gov.

Ensuring Water Supply Reliability for Nipomo

Drought continued...

What to Expect in the Coming Months

The Nipomo Mesa Management Area (NMMA) Technical Group is scheduled to present results of the Spring 2016 groundwater levels (Key Wells Index) to the Board in June. At that time, the Board will respond in accordance with its Water Shortage Response & Management Plan. Worse case conditions would require a 50% reduction in groundwater pumping and could require special drought rates and other conservation measures.

The Good News

Since the arrival of Supplemental Water in July 2015, the District has reduced groundwater pumping by an average of 47%! This has significant impact on groundwater production and the overall health of the basin.

The District is currently constructing Phase IIA of the Supplemental Water Project which includes a 500,000 gallon reservoir for the importation of up to 800 AFY of water from the City of Santa Maria. The Project is scheduled to be completed by January 2017.

With supplemental water and the community's current conservation level, the District could meet its 50% reduction goal if the Board does declare a Stage IV (4) water shortage. Watch for more information in the coming months.

2015 Urban Water Management Plan Update

Every five years, the California Department of Water Resources (DWR) requires that water suppliers like the Nipomo CSD, update its Urban Water Management Plan (UWMP).

UWMPs are prepared by California's urban water suppliers to support their long-term resource planning, and ensure adequate water supplies are available to meet existing and future water demands.

The District is partnering with an engineering firm and local agencies to prepare the Plan. Preparation of the Plan includes analysis of projected population growth, current and future water demands, as well as water supply and pumping data.

The District's Board will hear a presentation of the Plan and solicit public comments during a Public Hearing at its May 25, 2016 Regular Board meeting. Adoption of the Plan is scheduled for June 8, 2016.

A public draft is currently available for review at the District office and on the District website.

Answers to Frequently Asked Questions

What rebates are available?

- NCS&D offers a high-efficiency clothes washer rebate of \$75. Applications can be found on the District's website at www.ncsd.ca.gov or in this office.
- NEW SLO County now offers a turf replacement rebate. Call 781-5600 for more information. SLO County also offers various rebates including a toilet rebate. More information can be found on their website at www.slocounty.ca.gov
- The State of California is offering a turf replacement rebate and a toilet rebate. Applications for both can be completed on their website at www.saveourwaterrebates.org

Conservation Still Needed

The District's conservation efforts remain steady and exceed the State's mandated 28% reduction.

In April, the District produced 154 acre feet or about 50 Million gallons of water to meet customer demand. This equates to a **31.3%** reduction in overall production compared to April 2013. Additionally, thanks to the arrival of supplemental water last July, groundwater pumping during April was **50.1%** lower than the 5-year average for April!

With the continued drought and lack of rain, conservation remains very important. Customers should stay vigilant when it comes to water conservation and focus on using only the water they need. As always, saving water saves money!

For more conservation information and tips, visit the District's website at www.ncsd.ca.gov or on Facebook and Twitter (@NipomoCSD).

Focus Conservation Efforts

Outdoors

- Cut down watering of landscapes. Most water usage is outdoors, it's OK to have brown spots in your lawn. The lawn will come back.
- Check irrigation system timers to insure settings are correct and watering times are minimized.
- Check for irrigation system leaks and overspray.

NOTICE

Your Utility Billing Account Number Has Changed

If using your bank's bill-pay service, please ensure that this new account number is changed when scheduling a payment.

New Billing Software

The District is currently transitioning its billing software to a more modern system, allowing the District to better serve its customers. As more features become available, customers will be notified.

Beginning with the May/June bills, customers will see a new water and sewer bill format.

Additionally, due to the new software, customers will now have a new account number (see example to the right). Please make note of this new account number once you receive your bill. If using your bank's bill-pay service, please ensure that this new account number is changed when scheduling a payment.

Watch for more information on the additional billing services offered.

To view more information and an example of the new bill, visit the District's website at www.ncsd.ca.gov.
