Draft budget for fiscal year 2010-2021 [RECOMMEND CONSIDER DRAFT BUDGET AND SCHEDULE FOR ADOPTION ON JUNE 10, 2020]

#### **BUDGET BACKGROUND**

Attached is the draft of the fiscal year 2020-2021 budget.

The Finance and Audit Committee met on March 5, 2020, for a Kick Off meeting for the FY 20-21 Budget preparation. The Committee met again on April 6, 2020 to review the first draft and make recommendations. The committee's recommendations and comments have been incorporated into the draft budget.

The following modifications have been made to the budget since the Finance and Audit Committee met on April 6:

- 1. Page 17 Insurance-Liability budget has been increased by \$36,000. On May 14. SDRMA issued invoices for the FY 20-21, stating the current insurance market continues to be impacted by catastrophic losses around the world.
- 2. Page 23 Asset Management Software of \$25,500 has been included to continue the District's work with Sedaru.

To date. COVID-19 has not caused the District to alter its operations significantly since the shelter-in-place order went into effect in March. All District employees continue to work; however, the District's administrative office is currently not open to the public. Customer consumption continues to be steady with an increase of approximately 1,400 more units of water used in April 2020 compared to April 2019.

Pursuant to Governor Newsom's Executive Order N0-42-20, late fees and nonpayment fees (including discontinuance of service for nonpayment) have been suspended. Nothing in this Order eliminates the obligation of water customers to pay for water service, prevents a water system from charging a customer for such service, or reduces the amount a customer already may owe to a water system.

The District has been closely monitoring its accounts receivable (payments not yet received) and has seen an increase of approximately 7% compared to last year. This equates to about a \$5,000 difference between the two periods. In the near future, the District does not anticipate the slower collections in accounts receivable will impact the budget or cash flow. However, if COVID-19 issues continue or resurface in the coming months, the rate stabilization funds and cash reserves would be available to cover operating costs, upon approval by the Board of Directors.

The draft of the budget is projecting a net surplus of \$782,611 (Pages 16-17). Each Fund has its own impact on the net surplus – whether positive or negative, and therefore, each Fund must be looked at individually.

#### **OPERATIONS AND MAINTENANCE FUNDS**

#### Fund #125 - Water (Pages 39 & 40)

This Fund is budgeted to have an operating surplus of \$192,307 but an overall deficit of (\$174,923) due to budgeted fixed asset purchases of \$392,230. #### INTRODUCTION

The Nipomo Community Services District (District) is a multi-service special district formed on January 28, 1965, under the Community Services District Law, California Government Code Section 61000 et. seq. The Nipomo Community Services District serves the residents and property owners within the limits of its approximately seven square miles service area with water, sewer, solid waste, street lighting to the Blacklake Village, limited drainage and limited street landscape maintenance.

The legislative head of the District is an elected Board of Directors composed of five members. Each member serves a four-year term, and elections are held every two years, on even-number years. The terms for the Board of Directors are staggered. Regular meetings are held at the District Board Room, 148 South Wilson Street, Nipomo, California, at 9:00 a.m. on the second and fourth Wednesdays of each month.

#### **BUDGET PREPARATION**

#### 1. OPERATING AND NON-OPERATING BUDGETS

NCSD's budget is separated into two budgets - the Operating Budget and the Non-Operating Budget. The Operating Budget represents the day-to-day operations and maintenance of the District. The expenditures from the Operating Budget are funded from water and sewer use revenues, solid waste, street lighting and street landscape maintenance charges. The Non-Operating Budget represents the long-term capital financing program of the District. The Non-Operating Budget is funded by capacity charges, general purpose property taxes and certificates of participation.

Each Fund of NCSD has its own budget. The Funds in the Operating Budget are as follows:

#110	Administration
#125	Water
#128	Water Rate Stabilization
#130	Sewer Fund-Town Division
#135	Sewer Rate Stabilization Fund-Town Division
#150	Sewer Fund-Blacklake Division
#155	Sewer Rate Stabilization Fund-Blacklake Divsion
#200	Blacklake Street Lighting
#250	Street Landscape Maintenance District
#300	Solid Waste
#400	Drainage
#805	Funded Replacement-Water
#806	Funded Replacement-Supplemental Water
#810	Funded Replacement-Town Sewer
#830	Funded Replacement-Blacklake Sewer

The Funds in the Non-Operating Budget are as follows:

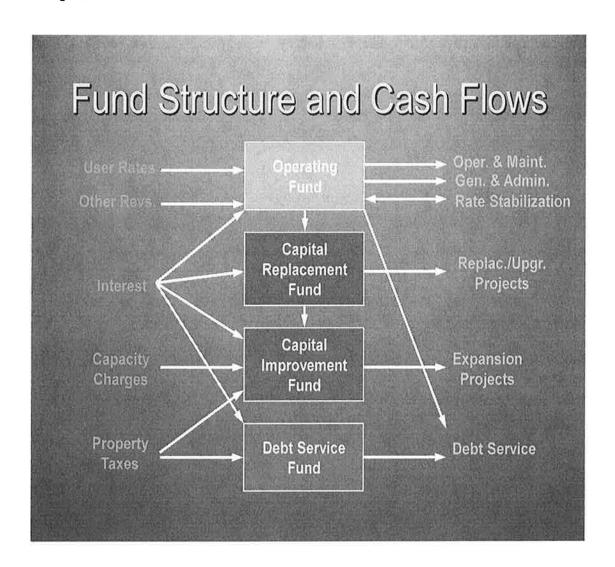

#500	Supplemental Water
#600	Property Tax
#700	Water Capacity Charges
#710	Sewer Capacity Charges -Town Division

The Administration Fund accounts for all of the assets and resources used for the general administration of the District. The remaining operating funds are "enterprise funds". The purpose of enterprise funds is to account for operations in a manner similar to private business enterprises. The policy defined by the elected Board of Directors is that the costs of providing service (expenses, including depreciation of providing goods and services) be financed or recovered primarily through user charges.

In addition, there are transfers into, out of, and between funds and non-designated reserves.

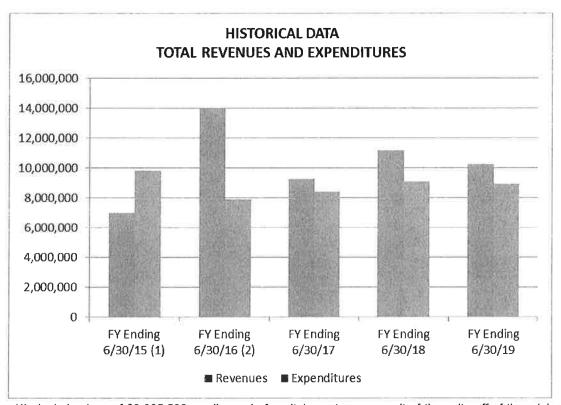

#### 3. FINANCIAL OVERVIEW

#### PROPOSED 2020-2021 BUDGET COMPARED TO ESTIMATED ACTUAL 2018-2019 BUDGET

   This is an increase of 13% above the Estimated Actual Operating Revenues for fiscal year 2019-2020. A graph depicting all revenues can be found on page 20.
- Total budgeted Operating Expenditures for fiscal year 2020-2021 is \$9,544,345.

Total Assets	\$95,153,149
Total Liabilities	\$24,215,713
Total Net Position	\$70,937,436

#### **AUDIT**

An audit of the District's financial statements is conducted annually by the independent Certified Public Accounting firm of Rogers, Anderson, Malody and Scott, LLP. A copy of the most recent audit report may be found at the District's web site ncsd.ca.gov.

#### 4. THE NON-OPERATING BUDGET - CAPITAL IMPROVEMENT PROJECTS

Capital facilities (infrastructure) represent a major investment by Nipomo Community Services District. Supply, treatment, transmission, and distribution facilities are needed to provide water service to customers of the District. Investment in collection, transmission, treatment and disposal facilities are required for wastewater service. Capital investments are necessary to maintain reliable, high-quality service to existing customers and to provide facilities for future growth and economic development.

The magnitude of investment required for proper management of a utility system requires development of an effective long-range capital financing plan. The most important factor affecting capital expansion is growth in demand. As areas are developed or annexed, additional pressure is placed on a utility to provide water and wastewater services. The capital investment required to support this growth should be funded in such a way so that the financial risks relating to growth are minimized for the District and its customers. The Capital Financing Plan of the District will be funded with capacity charges paid for by new development, interest earned, property taxes, Certificates of Participation (in accordance with District adopted Debt Management Policy) and Assessment Districts.

A summary of the proposed Capital Improvement Projects and a description of each project may be found on page 30.
