

ORDINANCE NO. 2017-124

**AN ORDINANCE OF THE BOARD OF DIRECTORS OF
THE NIPOMO COMMUNITY SERVICES DISTRICT
AMENDING NIPOMO COMMUNITY SERVICES DISTRICT
CODE SECTIONS 3.03.110, 3.03.120, 3.03.180, AND 3.04.140**

The Board of Directors of the Nipomo Community Services District ordains as follows:

SECTION 1. Section 3.03.110 of the Nipomo Community Services District Code, referenced herein as "District Code," shall be amended and replaced in its entirety to read as follows:

3.03.110 -- Investigation and amortization of delinquent bill for water and/or sewer service

- A. The General Manager, or his or her designee, is authorized to investigate complaints and disputes pertaining to any matters for which the water or sewer service may be discontinued; and to rectify errors and settle controversies pertaining to such disputes.
- B. Every complaint or request for investigation by a customer that is made within five days of receiving the disputed bill for water and/or sewer service, and any request by a customer that is made within thirteen days, other than mailing of such notice required by Section 3.03.070 for an extension of the payment period of such bill asserted to be beyond the means of the customer to pay in full during the normal period of payment, shall be reviewed by the General Manager or his or her designee. The review shall include consideration of whether the customer shall be permitted to amortize the unpaid balance of the amount over a reasonable period of time not to exceed twelve months. The District will only permit one amortization every eighteen months.

SECTION 2. Section 3.03.120 of the District Code is hereby amended and replaced in its entirety to read as follows:

3.03.120 – Investigation and possible relief for water customers

- A. Relief for District water customers.
 - 1. A written request for relief may be made by a water service customer receiving a high bill for water service. The written request must be received by the District no later than 4:30 PM on the due date of the bill in question. The General Manager or his or her designee shall investigate such complaint in the following manner:
 - i. The District Manager or his or her designee shall first determine whether or not the increase in water consumption is related to a leak occurring on the customer's side of the water service connection and that the leak has been remedied.
 - ii. The District Manager or his or her designee shall review the customer's water bills for the same time period in the previous five years to determine whether or not there is a significant differential in

terms of water use that was evidenced by a leak. Where there is a significant difference as determined by the General Manager or his or her designee, water usage for the billing period shall be billed as follows:

- (1) The average normal usage will be billed at the Rates in place at the time of the high bill.
 - (2) All excess usage (over and above the average normal usage) will be billed at a rate equivalent to the otherwise applicable water rates minus the portion of the rate associated with supplement water, as established by Resolution.
 - (3) Leak adjustments will only be processed if the adjustment is greater than \$100.
- iii. For water service customers who have not established a five year history of water usage, the General Manager shall determine equivalent water services using similar billings with a five year history to make the appropriate findings as set forth in subsections (i) and (ii) above. The customer shall then be charged according to Section A(1)(ii) above.
2. The relief provided by these sections is available, upon written request, for a District water service customer once during a three year period. A water service customer may not apply for relief under this Ordinance if relief had been sought and granted any time during the previous three years.
 3. If a leak adjustment is approved, the customer must sign an acknowledgement of the leak adjustment prior to the adjustment being made to the customer's account. Within fifteen (15) days of the original due date of the water bill, the customer is responsible for completing the leak adjustment process and paying the adjusted bill. If the customer fails to execute the leak adjustment acknowledgement and pay the adjusted bill prior to the above-referenced due date, no leak adjustment will be granted and the customer will be responsible for the paying the full, original water bill plus all additional fees and charges assessed through the date of payment.
 4. Leak adjustments will not be considered for previous billing cycles and adjustments will not be made retroactively.
 5. Leak adjustments are for a specific billing cycle and cannot be spread over two billing cycles.
 6. The General Manager or his or her designee may consider whether the customer shall be permitted to amortize the amount equal to the excess usage over a reasonable period of time, not to exceed twelve months.

SECTION 3. Section 3.03.180 of the District Code shall be amended and replaced in its entirety to read:

3.03.180 - District rates and charges.

A. Water rate shall be charged as follows:

1. Minimum Charges. A minimum monthly charge shall be paid by each customer for each bi-monthly billing period during which a service connection exists even if the meter is locked. Such charge for any billing period in which a service connection has existed for less than the whole of a billing period shall be prorated. Minimum monthly charges vary with the size of the meter. The minimum monthly charge for service shall be established by Resolution.
2. Water Rates. The metered rate for water sold, supplied, distributed, or transported to customers shall be established by Resolution.

B. Sewer rates shall be charged as follows:

1. Monthly sewer charges shall commence on the date the water meter is set.
2. District sewer charges shall be established by Resolution.

SECTION 4. Appendices A through D of Chapter 3.03 of the District Code are hereby stricken in their entirety.

SECTION 5. Subsection B.2 of Section 3.04.140 of the District Code shall be amended and replaced in its entirety, and the chart entitled "BI-MONTHLY PRIVATE FIRE PROTECTION CHARGES" stricken, so that the subsection reads:

2. Bi-monthly charges for private fire service shall be established by Resolution. Water used for fire suppression shall be furnished without charge.

SECTION 6. Any sections, portions of sections, or subsections of the District Code not specifically amended and replaced herein shall remain in full force and effect.

SECTION 7. If any section, subsection, sentence, clause or phrase of this Ordinance is for any reason held to be unconstitutional, ineffective or in any manner in conflict with the laws of the United States, or the State of California, such decision shall not affect the validity of the remaining portions of this Ordinance. The Governing Board of the District hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsection, sentence, clause or phrase be declared unconstitutional, ineffective, or in any manner in conflict with the laws of the United States or the State of California.

SECTION 8. The Board of Directors of the District finds that the policies and procedures adopted by this Ordinance are exempt from the California Environmental Quality Act pursuant to CEQA Guidelines Section 15378 (b) (2) because such policies and procedures constitute general policy and procedure making. The Board of Directors further finds that the

adoption of the rules and regulations established by this Ordinance is not a project as defined in CEQA Guideline Section 15378, because it can be seen with certainty that it will not result in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. The District General Manager is directed to prepare and file an appropriate notice of exemption.

SECTION 9. This Ordinance shall take effect and be in full force and effect thirty (30) days after its passage. Before the expiration of the tenth (15th) day after passage this Ordinance shall be published once with the names of the members of the Board of Directors voting for or against the Ordinance in a newspaper of general circulation within the District.
