****REVISED FOR CORRECT BOARD MEETING DATE****

**Court Appointed Technical Group Releases Spring 2018 Index
Area Groundwater Remains in Severe Water Shortage Condition**

The Nipomo Mesa Management Area (NMMA) Technical Group has confirmed the Spring 2018 groundwater basin conditions after receiving well level measurements from the San Luis Obispo County Public Works Department.

The Key Well Index remains within a Severe Water Shortage Condition for the second consecutive year, thereby requiring a Stage IV NMMA Water Shortage Response.

Based on this information, Nipomo Community Services District Board of Directors will review its Water Shortage Response and Management Plan at its July 25, 2018 Regular Board Meeting. Public participation and comment is encouraged.

For more information and to review the NMMA's full statement, please visit the District's website www.ncsd.ca.gov or contact the District at info@ncsd.ca.gov.
