INTRODUCTION

The Nipomo Community Services District (District) is a multi-service special district formed on January 28, 1965, under the Community Services District Law, California Government Code Section 61000 et. seq. The Nipomo Community Services District serves the residents and property owners within the limits of its approximately seven square miles service area with water, sewer, solid waste, street lighting to the Blacklake Village, limited drainage and limited street landscape maintenance.

The legislative head of the District is an elected Board of Directors composed of five members. Each member serves a four-year term, and elections are held every two years, on even-number years. The terms for the Board of Directors are staggered. Regular meetings are held at the District Board Room, 148 South Wilson Street, Nipomo, California, at 9:00 a.m. on the second and fourth Wednesdays of each month.

The District Office is open to the public from 8:00 a.m. to 4:30 p.m. Monday through Friday except holidays. In addition, the District has a 24-hour telephone number, (805) 929-1133. This number is answered by an answering service during non-business hours and service related emergency calls are forwarded to standby personnel. Facsimile transmissions may be made to (805) 929-1932, web site is ncsd.ca.gov. All other emergency requests are handled through the 911 system.

The District is pleased to announce the Government Finance Officers Association of the United States and Canada (GFOA) awarded a *Certificate of Excellence in Financial Reporting* to Nipomo Community Services Districts for its comprehensive annual financial report for the last six consecutive fiscal years (2013 – 2018). In order to be awarded a Certificate of Achievement, the District had to publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. Copies of these reports may be found on the District web site.

BUDGET PREPARATION

1. OPERATING AND NON-OPERATING BUDGETS

NCSD's budget is separated into two budgets - the Operating Budget and the Non-Operating Budget. The Operating Budget represents the day-to-day operations and maintenance of the District. The expenditures from the Operating Budget are funded from water and sewer use revenues, solid waste, street lighting and street landscape maintenance charges. The Non-Operating Budget represents the long-term capital financing program of the District. The Non-Operating Budget is funded by capacity charges, general purpose property taxes and certificates of participation.

Each Fund of NCSD has its own budget. The Funds in the Operating Budget are as follows:

| #110 | Administration |
|------|---|
| #125 | Water |
| #128 | Water Rate Stabilization |
| #130 | Sewer Fund-Town Division |
| #135 | Sewer Rate Stabilization Fund-Town Division |
| #150 | Sewer Fund-Blacklake Division |
| #155 | Sewer Rate Stabilization Fund-Blacklake Divsion |
| #200 | Blacklake Street Lighting |
| #250 | Street Landscape Maintenance District |
| #300 | Solid Waste |
| #400 | Drainage |
| #805 | Funded Replacement-Water |
| #806 | Funded Replacement-Supplemental Water |
| #810 | Funded Replacement-Town Sewer |
| #830 | Funded Replacement-Blacklake Sewer |

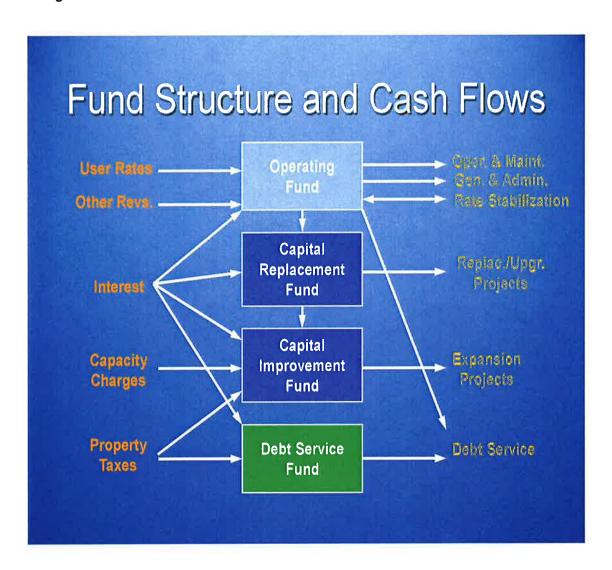

The Funds in the Non-Operating Budget are as follows:

| #500 | Supplemental Water |
|------|---------------------------------------|
| #600 | Property Tax |
| #700 | Water Capacity Charges |
| #710 | Sewer Capacity Charges -Town Division |

The Administration Fund accounts for all of the assets and resources used for the general administration of the District. The remaining operating funds are "enterprise funds". The purpose of enterprise funds is to account for operations in a manner similar to private business enterprises. The policy defined by the elected Board of Directors is that the costs of providing service (expenses, including depreciation of providing goods and services) be financed or recovered primarily through user charges.

2. FUND AND RESERVE STRUCTURES AND CASH FLOWS

The model below provides a helpful overview of the fund and non-designated reserve structure and cash flows of the District. The revenues (sources) of funds include user rates, other revenues, interest income, capacity charges and property taxes. The expenditures (uses) of funds include operations and maintenance, general and administrative costs, replacement and upgrade projects, expansion projects and debt service. In addition, there are transfers into, out of, and between funds and non-designated reserves.

NIPOMO COMMUNITY SERVICES DISTRICT BUDGET FISCAL YEAR 2019-2020

An audit of the District's financial statements is conducted annually by the independent Certified Public Accounting firm of Rogers, Anderson, Malody and Scott, LLP. A copy of the most recent audit report may be found at the District's web site <u>ncsd.ca.gov</u>.

4. THE NON-OPERATING BUDGET - CAPITAL IMPROVEMENT PROJECTS

Capital facilities (infrastructure) represent a major investment by Nipomo Community Services District. Supply, treatment, transmission, and distribution facilities are needed to provide water service to customers of the District. Investment in collection, transmission, treatment and disposal facilities are required for wastewater service. Capital investments are necessary to maintain reliable, high-quality service to existing customers and to provide facilities for future growth and economic development.

The magnitude of investment required for proper management of a utility system requires development of an effective long-range capital financing plan. The most important factor affecting capital expansion is growth in demand. As areas are developed or annexed, additional pressure is placed on a utility to provide water and wastewater services. The capital investment required to support this growth should be funded in such a way so that the financial risks relating to growth are minimized for the District and its customers. The Capital Financing Plan of the District will be funded with capacity charges paid for by new development, interest earned, property taxes, Certificates of Participation (in accordance with District adopted Debt Management Policy) and Assessment Districts.

A summary of the proposed Capital Improvement Projects and a description of each project may be found on page 30.
