**CONSIDER REQUEST FOR WATER, SEWER AND
SOLID WASTE SERVICE (INTENT-TO-SERVE LETTER) FOR
A 2 PARCEL RESIDENTIAL SUBDIVISION LOCATED
ON HONEY GROVE LANE, APN 092-321-030**

ITEM

Consider request for water, sewer, and solid waste service (Intent-to-Serve Letter) for a 2-parcel residential subdivision located on Honey Grove Lane, APN 092-321-030 [RECOMMEND CONSIDER INTENT-TO-SERVE LETTER AND APPROVE WITH CONDITIONS].

BACKGROUND

The District received an application for water, sewer and solid waste service for project located on Honey Grove Lane, APN 092-321-030, on August 9, 2023. The applicant, Greg Dickinson, is requesting water, sewer and solid waste service for a 2-parcel residential subdivision.

The project will consist of a subdivision on one (1) existing parcel into 2 (two) residential parcels. The District currently does not provide water, sewer or solid waste service for the parcel.

All parcels, existing and planned, will be required to obtain water, sewer and solid waste service in compliance with current District standards. Any existing well(s) on the property will not be utilized to provide domestic water service to any part of the project.

In accordance with the District's Supplemental Water Accounting Policy, Resolution 2015-1372, water demand for the project will be tracked against the 500 AFY supplemental water project capacity reservation for new development. Based on the preliminary information provided, total water demand for the project is estimated at 1.06 acre-feet per year (AFY). Sufficient supplemental water for the project is available.

Sufficient wastewater treatment capacity for the project is available in the District's Southland WWTF.

FISCAL IMPACT

Water and sewer capacity fees will be based on the domestic meter sizes requested for the final County approved project as well as CAL FIRE's fire service requirements. Based on the information provided, the following services are proposed:

- Domestic: 2 @ 1-inch
- Sewer: 2 services

The estimated fee deposit for the project is \$53,600 based on the current FY 2023-2024 District fee schedule. Fees for Connection shall be calculated and owing as of the date the District accepts the public water and sewer improvements for the project and sets the water meter(s) to serve the affected property from which the amount of the Deposit shall be deducted.

RECOMMENDATION

Staff recommends that the Board approve the Applicant's request for an Intent-to-Serve letter for the project with the following conditions:

PROJECT-SPECIFIC CONDITIONS

- Each new parcel shall be served by a single 1-inch meter and backflow assembly for indoor use and fire sprinkler service, if approved by CAL FIRE of SLO County.

STANDARD CONDITIONS

- Project shall obtain water, sewer and solid waste service for all parcels.
- CAL FIRE of SLO County must approve the development plans prior to District approval. Fire capacity charges are applicable if dedicated fire service laterals are required.
- Record a restriction, subject to District approval, on the property prohibiting the use of well(s) to provide water service to any parcel within the Project.
- Properly abandon any existing groundwater wells and provide documentation to District.
- Record a restriction, subject to District approval, on all parcels prohibiting use of self-regenerating water softeners.
- Comply with District water conservation program.
- Pay all appropriate District fees associated with this development.
- Applicant shall provide the District with a copy of County application approval and County project conditions of approval.
- Enter into a Plan Check and Inspection Agreement and provide a deposit.
- Submit improvement plans in accordance with the District Standards and Specifications for review and approval. Applicant shall provide plans consistent with current District Standards and based on the proposed lot configuration.
- Any easements required for water and sewer improvements that will be dedicated to the District shall be offered to the District prior to final improvement plan approval.
- Any easements required for private water and sewer laterals shall be recorded prior to final improvement plan approval and shall be subject to District approval.
- All water and sewer improvements to be dedicated to the District shall be bonded for or otherwise secured in the District's name prior to issuance of Will Serve letter.
- A Will-Serve letter for the Project will be issued after improvement plans are approved and signed by the District.

- Applicant shall make a non-refundable deposit ("Deposit") at the time the District issues a Will Serve Letter in an amount equal to the then calculated Fees for Connection.
- Fees for Connection shall be calculated and owing as of the date the District sets the water meter(s) to serve the affected property from which the amount of the Deposit shall be deducted.
- Construct the improvements required and submit the following:
 - Reproducible "As Builts" - A mylar copy and digital format disk (PDF) which includes engineer, developer, tract number and water and sewer improvements
 - Offer of Dedication
 - Engineer's Certification
 - Summary of all water and sewer improvement costs
- Solid waste collection services are mandatory. Applicant shall provide proof that the Project is provided with solid waste removal services in accordance with District regulations.
- The District will set water meter(s) upon proof of a building permit from the County of San Luis Obispo, the District's acceptance of improvements to be dedicated to the District, if applicable, and the final payment of all charges and fees owed to the District.
- This letter is void if land use is other than residential use as defined by the District.
- Intent-to-Serve letters shall automatically terminate three (3) years from date of issuance. However, Applicant shall be entitled to a one-year extension upon the following conditions:
 - Applicant makes written application for the extension prior to the expiration of the Intent-to-Serve Letter.
 - Applicant provides proof of reasonable due diligence in processing the Project.
 - Applicant agrees to revisions of the conditions contained in the Intent-to-Serve letter consistent with then existing District policies.
- This Intent-to-Serve letter shall be subject to the current and future rules, agreements, regulations, fees, resolutions and ordinances of the District.
- This Intent-to-Serve letter may be revoked, or amended, as a result of conditions imposed upon the District by a court or availability of resources, or by a change in ordinance, resolution, rules, fees or regulations adopted by the Board of Directors.
- District service is conditioned on the applicant complying with all terms, conditions, rules, and regulations of other agencies that have jurisdiction over the project.
- This Intent-to-Serve letter shall not be interpreted as the District's Board of Directors endorsement of the project.
- The District reserves the right to revoke this Intent-to-Serve letter at any time.
- The Applicant shall provide a signed copy of the Intent-to-Serve letter within thirty (30) days of issuance.

**CONSIDER REQUEST FOR WATER, SEWER AND
SOLID WASTE SERVICE (INTENT-TO-SERVE LETTER) FOR
AN 8-UNIT MULTIFAMILY RESIDENTIAL DEVELOPMENT
LOCATED AT 213 WEST DANA STREET**

ITEM

Consider request for water, sewer, and solid waste service (Intent-to-Serve Letter) for an 8-unit multifamily residential development located at 213 West Dana Street, APN 090-136-001 [RECOMMEND CONSIDER INTENT-TO-SERVE LETTER AND APPROVE WITH CONDITIONS].

BACKGROUND

The District received an application for water, sewer and solid waste service for project located at 213 West Dana Street on August 8, 2023. The applicant, Jeff Gamble, is requesting water, sewer and solid waste service for a multifamily residential development.

The project will consist of eight (8) multifamily residential units on an existing 0.35 acre parcel. The District currently does not provide water, sewer or solid waste service for the parcel.

All parcels, existing and planned, will be required to obtain water, sewer and solid waste service in compliance with current District standards. Any existing well(s) on the property will not be utilized to provide domestic water service to any part of the project.

In accordance with the District's Supplemental Water Accounting Policy, Resolution 2015-1372, water demand for the project will be tracked against the 500 AFY supplemental water project capacity reservation for new development. Based on the preliminary information provided, total water demand for the project is estimated at 2.1 acre-feet per year (AFY). Sufficient supplemental water for the project is available.

Sufficient wastewater treatment capacity for the project is available in the District's Southland WWTF.

FISCAL IMPACT

Water and sewer capacity fees will be based on the domestic and irrigation meter sizes requested for the final County approved project as well as CAL FIRE's fire service requirements. Based on the information provided, the following services are proposed:

- Domestic: 1 @ 1.5-inch
- Irrigation: 1 @ 1-inch
- Fire: 1 @ 2-inch
- Sewer: 1 service

The estimated fee deposit for the project is \$103,443 based on the current FY 2023-2024 District fee schedule. Fees for Connection shall be calculated and owing as of the date the District accepts the public water and sewer improvements for the project and sets the water meter(s) to serve the affected property from which the amount of the Deposit shall be deducted.

RECOMMENDATION

Staff recommends that the Board approve the Applicant's request for an Intent-to-Serve letter for the project with the following conditions:

PROJECT-SPECIFIC CONDITIONS

- One (1) new 1.5-inch domestic water meter and appropriate backflow assembly shall be provided for indoor use. Water capacity charges are applicable.
- One (1) separate 1-inch irrigation meter and appropriate backflow assembly shall be provided for outdoor irrigation use. Water capacity charges are applicable.
- One (1) separate 2-inch fire sprinkler service including appropriate backflow device as required and approved by CAL FIRE of SLO County, shall be provided for fire sprinkler service. Fire capacity charges are applicable.

STANDARD CONDITIONS

- Project shall obtain water, sewer and solid waste service for all parcels.
- CAL FIRE of SLO County must approve the development plans prior to District approval. Fire capacity charges are applicable if dedicated fire service laterals are required.
- Record a restriction, subject to District approval, on the property prohibiting the use of well(s) to provide water service to any parcel within the Project.
- Properly abandon any existing groundwater wells and provide documentation to District.
- Record a restriction, subject to District approval, on all parcels prohibiting use of self-regenerating water softeners.
- Comply with District water conservation program.
- Pay all appropriate District fees associated with this development.
- Applicant shall provide the District with a copy of County application approval and County project conditions of approval.
- Enter into a Plan Check and Inspection Agreement and provide a deposit.
- Submit improvement plans in accordance with the District Standards and Specifications for review and approval. Applicant shall provide plans consistent with current District Standards and based on the proposed lot configuration.
- Any easements required for water and sewer improvements that will be dedicated to the District shall be offered to the District prior to final improvement plan approval.
- Any easements required for private water and sewer laterals shall be recorded prior to final improvement plan approval and shall be subject to District approval.
- All water and sewer improvements to be dedicated to the District shall be bonded for or otherwise secured in the District's name prior to issuance of Will Serve letter.

- A Will-Serve letter for the Project will be issued after improvement plans are approved and signed by the District.
- Applicant shall make a non-refundable deposit ("Deposit") at the time the District issues a Will Serve Letter in an amount equal to the then calculated Fees for Connection.
- Fees for Connection shall be calculated and owing as of the date the District sets the water meter(s) to serve the affected property from which the amount of the Deposit shall be deducted.
- Construct the improvements required and submit the following:
 - Reproducible "As Builts" - A mylar copy and digital format disk (PDF) which includes engineer, developer, tract number and water and sewer improvements
 - Offer of Dedication
 - Engineer's Certification
 - Summary of all water and sewer improvement costs
- Solid waste collection services are mandatory. Applicant shall provide proof that the Project is provided with solid waste removal services in accordance with District regulations.
- The District will set water meter(s) upon proof of a building permit from the County of San Luis Obispo, the District's acceptance of improvements to be dedicated to the District, if applicable, and the final payment of all charges and fees owed to the District.
- This letter is void if land use is other than multifamily residential use as defined by the District.
- Intent-to-Serve letters shall automatically terminate three (3) years from date of issuance. However, Applicant shall be entitled to a one-year extension upon the following conditions:
 - Applicant makes written application for the extension prior to the expiration of the Intent-to-Serve Letter.
 - Applicant provides proof of reasonable due diligence in processing the Project.
