ITEM

Consider draft budget for fiscal year 2024-2025 [RECOMMEND REVIEW AND DIRECT STAFF]

BUDGET BACKGROUND

Attached is the first draft of the fiscal year 2024-2025 budget.

The Finance and Audit Committee met on March 16, 2024, for a Kick Off meeting for the FY 2024-2025 Budget preparation.

Since the committee met on March 16, 2024, Staff has modified the following pages:

- Fixed Asset purchase schedule (page 23)
 - 1. Removed one Dump Truck, deferred to next fiscal year
- Funded Replacement schedule (page 25)
 - 1. Reduced Valve Replacements to \$50,000, deferred remainder to next fiscal
 - 2. Reduced Well Refurbishments to \$50,000, deferred remainder to next fiscal year

The first draft of the budget is projecting an operating net deficit of (\$15,042). After including non-operating revenues and non-operating expenditures, the total net result from operations is \$984,951 (Pages 16-17). Each Fund has its own impact on the net surplus - whether positive or negative, and therefore, each Fund must be looked at individually.

OPERATIONS AND MAINTENANCE FUNDS

Fund #125 – Water (Pages 40 & 41)

This Fund is budgeted to have a net operating deficit of (\$19,228). The budget includes the purchase of 700.02-acre feet (666.68 per contract plus 33.34 operational buffer) of supplemental water from the City of Santa Maria at a budgeted cost of \$1,821,782.

The budget includes the rate increase of 8.9% per the 2020 Water Rate Study. On January 1, 2022 the District went from billing its customer's bi-monthly to monthly. This implementation increased costs for postage, bill printing, and meter reading.

Fund #128 - Water Rate Stabilization Fund (Pages 42 & 43)

This Fund is budgeted to have an overall surplus of \$18,000. The purpose is to serve as a buffer to water rates during any period where there are unexpected increases in operating costs and/or decreases in revenues. Based on projections, the Water Rate Stabilization Fund will continue to achieve its Cash Reserve Goal pursuant to the Cash Reserve Policy.

Fund #130 - Town Sewer (Pages 44 & 45)

This Fund is budgeted to have a net operating surplus of \$410,443 and an overall deficit of (\$266,707). This includes budgeted fixed asset purchases of \$114,000, debt service payments of \$584,750, and cost increases for operating items. The last rate increase went into effect on July 1, 2023. The terms for the Board of Directors are staggered. Regular meetings are held at the District Board Room, 148 South Wilson Street, Nipomo, California, at 9:00 a.m. on the second and fourth Wednesdays of each month.

NIPOMO COMMUNITY SERVICES DISTRICT BUDGET FISCAL YEAR 2024-2025

BUDGET PREPARATION

1. OPERATING AND NON-OPERATING BUDGETS

NCSD's budget is separated into two budgets - the Operating Budget and the Non-Operating Budget. The Operating Budget represents the day-to-day operations and maintenance of the District. The expenditures from the Operating Budget are funded from water and sewer use revenues, solid waste, street lighting and street landscape maintenance charges. The Non-Operating Budget represents the long-term capital financing program of the District. The Non-Operating Budget is funded by capacity charges, general purpose property taxes and certificates of participation.

Each Fund of NCSD has its own budget. The Funds in the Operating Budget are as follows:

#110	Administration
#125	Water
#128	Water Rate Stabilization
#130	Sewer Fund-Town Division
#135	Sewer Rate Stabilization Fund-Town Division
#150	Sewer Fund-Blacklake Division
#155	Sewer Rate Stabilization Fund-Blacklake Divsion
#200	Blacklake Street Lighting
#205	Funded Replacement-Blacklake Street Lighting
#250	Street Landscape Maintenance District
#300	Solid Waste
#400	Drainage
#805	Funded Replacement-Water
#806	Funded Replacement-Supplemental Water
#810	Funded Replacement-Town Sewer
#830	Funded Replacement-Blacklake Sewer
	•

The Funds in the Non-Operating Budget are as follows:

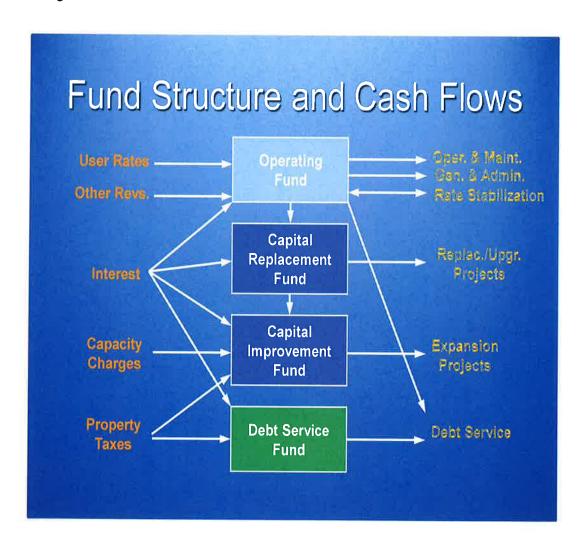

#500	Supplemental Water
#600	Property Tax
#700	Water Capacity Charges
#710	Sewer Capacity Charges -Town Division

The Administration Fund accounts for all of the assets and resources used for the general administration of the District. The remaining operating funds are "enterprise funds". The purpose of enterprise funds is to account for operations in a manner similar to private business enterprises. The policy defined by the elected Board of Directors is that the costs of providing service (expenses, including depreciation of providing goods and services) be financed or recovered primarily through user charges.

2. FUND AND RESERVE STRUCTURES AND CASH FLOWS

The model below provides a helpful overview of the fund and non-designated reserve structure and cash flows of the District. The revenues (sources) of funds include user rates, other revenues, interest income, capacity charges and property taxes. The expenditures (uses) of funds include operations and maintenance, general and administrative costs, replacement and upgrade projects, expansion projects and debt service. In addition, there are transfers into, out of, and between funds and non-designated reserves.

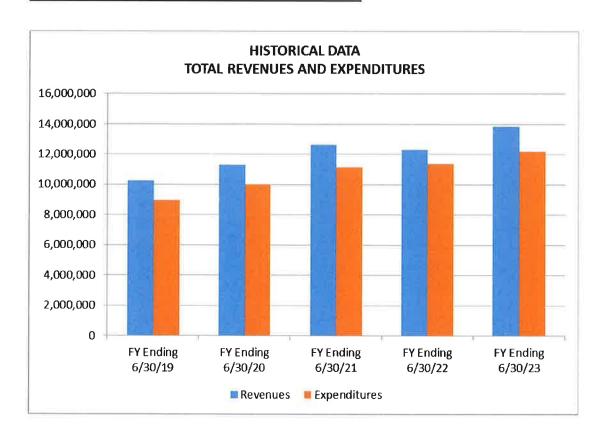

3. FINANCIAL OVERVIEW

PROPOSED 2024-2025 BUDGET COMPARED TO ESTIMATED ACTUAL 2023-2024 BUDGET

AUDIT

An audit of the District's financial statements is conducted annually by the independent Certified Public Accounting firm of Rogers, Anderson, Malody and Scott, LLP. A copy of the most recent audit report may be found at the District's web site ncsd.ca.gov.

4. THE NON-OPERATING BUDGET - CAPITAL IMPROVEMENT PROJECTS

Capital facilities (infrastructure) represent a major investment by Nipomo Community Services District. Supply, treatment, transmission, and distribution facilities are needed to provide water service to customers of the District. Investment in collection, transmission, treatment and disposal facilities are required for wastewater service. Capital investments are necessary to maintain reliable, high-quality service to existing customers and to provide facilities for future growth and economic development.

The magnitude of investment required for proper management of a utility system requires development of an effective long-range capital financing plan. The most important factor affecting capital expansion is growth in demand. As areas are developed or annexed, additional pressure is placed on a utility to provide water and wastewater services. The capital investment required to support this growth should be funded in such a way so that the financial risks relating to growth are minimized for the District and its customers. The Capital Financing Plan of the District will be funded with capacity charges paid for by new development, interest earned, property taxes, Certificates of Participation (in accordance with District adopted Debt Management Policy) and Assessment Districts.

A summary of the proposed Capital Improvement Projects and a description of each project may be found on page 30.
