MAY 22, 2024

# CONSIDER ANNUAL BOARD APPROVED COLA INCREASE FOR STAFF TO ALSO APPLY TO THE GENERAL MANAGER

#### <u>ITEM</u>

Consider Applying the Annual Board Approved COLA Increase for Staff to the General Manager's Compensation [RECOMMEND CONSIDER ANNUAL COLA INCREASE FOR THE GENERAL MANAGER AND ADOPT RESOLUTION NO. 2024-XXXX]

#### **BACKGROUND**

The District's General Manager is employed pursuant to an employment agreement that was effective as of August 6, 2023. The employment agreement allows the Board to change the General Manager's compensation amount without formally amending the agreement. Pursuant to the Brown Act, Government Code Section 54953, this compensation change must be considered in an open session, and the amount of the compensation must be orally disclosed prior to any action by the Board.

Typically, the General Manager's compensation was considered separately from staff increases. This proposal would apply the Board approved COLA for staff to the General Manager as well. The Finance and Audit Committee at the March 12, 2024 meeting agreed with this proposed change. The 3.27% COLA for Fiscal year 24-25, if approved by the Board would raise the General Manager's salary from \$185,000 to \$191,049.50 per year, effective July 1, 2024.

No other changes are proposed to the employment agreement.

#### FISCAL IMPACT

The proposed action will result in a salary increase of \$6,049.50 paid as annual compensation to the General Manager. The draft 2024-2025 budget will accommodate this change without requiring an amendment.

#### STRATEGIC PLAN

Goal 3. PERSONNEL AND ORGANIZATION. Maintain a qualified, long-term and productive workforce to assure an effective organization:

#### 3.B. ONGOING ACTIVITIES

B.1. Ensure the District is adequately staffed with high quality, long-term employees...

#### **RECOMMENDATION**

It is recommended that your Board consider and approve the recommended change in compensation for the General Manager through the adoption of Resolution No. 2024-XXXX.

### **REVIEW DRAFT BUDGET FOR FISCAL YEAR 2024-2025**

#### ITEM

Draft budget for Fiscal Year 2024-2025 [RECOMMEND CONSIDER DRAFT BUDGET AND SCHEDULE FOR ADOPTION ON JUNE 12, 2024]

#### BUDGET BACKGROUND

Attached is the first draft of the Fiscal Year ("FY") 2024-2025 budget.

The Finance and Audit Committee met on March 16, 2024, for a Kick Off meeting for the FY 2024-2025 Budget preparation. The Committee met again on May 1, 2024 to review the first draft and make recommendations. The committee's recommendations and comments have been incorporated into the draft budget.

The first draft of the budget is projecting an operating net deficit of (\$16,156). After including non-operating revenues and non-operating expenditures, the total net result from operations is \$955,733 (Pages 16-17). Each Fund has its own impact on the net surplus - whether positive or negative, and therefore, each Fund must be looked at individually.

### **OPERATIONS AND MAINTENANCE FUNDS**

### Fund #125 - Water (Pages 40 & 41)

This Fund is budgeted to have a net operating deficit of (\$19,228). The budget includes the purchase of 700.02-acre feet (666.68 per contract plus 33.34 operational buffer) of supplemental water from the City of Santa Maria at a budgeted cost of \$1,821,782.

The budget includes the rate increase of 8.9% per the 2020 Water Rate Study. On January 1, 2022 the District went from billing its customer's bi-monthly to monthly. This implementation increased costs for postage, bill printing, and meter reading.

### Fund #128 - Water Rate Stabilization Fund (Pages 42 & 43)

This Fund is budgeted to have an overall surplus of \$18,000. The purpose is to serve as a buffer to water rates during any period where there are unexpected increases in operating costs and/or decreases in revenues. Based on projections, the Water Rate Stabilization Fund will continue to achieve its Cash Reserve Goal pursuant to the Cash Reserve Policy.

### Fund #130 - Town Sewer (Pages 44 & 45)

This Fund is budgeted to have a net operating surplus of \$410,443 and an overall deficit of (\$266,707). This includes budgeted fixed asset purchases of \$114,000, debt service payments of \$584,750, and cost increases for operating items. The last rate increase went into effect on July 1, 2023. Based on projections, the Sewer Fund will be below its Cash Reserve Goal pursuant to the Cash Reserve Policy. A rate study is budget in this fiscal year.

### Fund #135 - Town Sewer Rate Stabilization Fund (Pages 46 & 47)

This Fund is budgeted to have an overall surplus of \$13,600. The purpose is to serve as a buffer to sewer rates during any period where there are unexpected increases in operating costs and/or decreases in revenues. Based on projections, the Sewer Rate Stabilization Fund will continue to achieve its Cash Reserve Goal pursuant to the Cash Reserve Policy.

### Fund #150 - Blacklake Sewer (Pages 48 & 49)

This Fund is budgeted to have an overall operating surplus of \$94,561. This includes a transfer of \$188,000 to Funded Replacement and the budgeted purchase of \$28,800 in fixed assets. The fifth of a five year rate increase went into effect April 1, 2023. Based on projections, the Blacklake Sewer Fund will meet its Cash Reserve Goal pursuant to the Cash Reserve Policy.

In May 2020, the Blacklake residents approved Blacklake Assessment District 2020-1, to consolidate the Blacklake sewer system with the Town sewer system. See Page 35 for the Blacklake Assessment 2020-1 Capital Financing Plan.

### Fund #155 - Blacklake Sewer Rate Stabilization Fund (Pages 50 & 51)

This Fund is budgeted to have an overall surplus of \$2,100. The purpose is to serve as a buffer to sewer rates during any period where there are unexpected increases in operating costs and/or decreases in revenues. Based on projections, the Blacklake Sewer Rate Stabilization Fund will continue to achieve its Cash Reserve Goal pursuant to the Cash Reserve Policy.

### Fund #200 - Blacklake Street Lighting (Pages 52 & 53)

This Fund is budgeted to have an overall surplus of \$278. In 2022, a rate increase was adopted after Proposition 218 was passed, this study included funds for Funded Replacement for the painting of the Assessment District owned street light poles and conversion to LED light bulbs. This budget includes repayment of the inter-fund loan approved by the Board in August 2022.

### Fund #205 - Funded Replacement Blacklake Street Lighting (Pages 54 & 55)

This Fund is budgeted to have a net deficit of (\$14,590). The revenue is a transfer in from Fund #200 – Blacklake Street Lighting and interest income. Cash reserves will be used for Funded Replacement projects such as the painting of the Assessment District owned street light poles and conversion to LED light bulbs. This is a newly created fund as a result of the successful passing of the Blacklake Street Lighting Maintenance Assessment District in May 2022.

The legislative head of the District is an elected Board of Directors composed of five members. Each member serves a four-year term, and elections are held every two years, on even-number years. The terms for the Board of Directors are staggered. Regular meetings are held at the District Board Room, 148 South Wilson Street, Nipomo, California, at 9:00 a.m. on the second and fourth Wednesdays of each month.

#### **BUDGET PREPARATION**

#### 1. OPERATING AND NON-OPERATING BUDGETS

NCSD's budget is separated into two budgets - the Operating Budget and the Non-Operating Budget. The Operating Budget represents the day-to-day operations and maintenance of the District. The expenditures from the Operating Budget are funded from water and sewer use revenues, solid waste, street lighting and street landscape maintenance charges. The Non-Operating Budget represents the long-term capital financing program of the District. The Non-Operating Budget is funded by capacity charges, general purpose property taxes and certificates of participation.

Each Fund of NCSD has its own budget. The Funds in the Operating Budget are as follows:

#110	Administration
#125	Water
#128	Water Rate Stabilization
#130	Sewer Fund-Town Division
#135	Sewer Rate Stabilization Fund-Town Division
#150	Sewer Fund-Blacklake Division
#155	Sewer Rate Stabilization Fund-Blacklake Divsion
#200	Blacklake Street Lighting
#205	Funded Replacement-Blacklake Street Lighting
#250	Street Landscape Maintenance District
#300	Solid Waste
#400	Drainage
#805	Funded Replacement-Water
#806	Funded Replacement-Supplemental Water
#810	Funded Replacement-Town Sewer
#830	Funded Replacement-Blacklake Sewer

The Funds in the Non-Operating Budget are as follows:

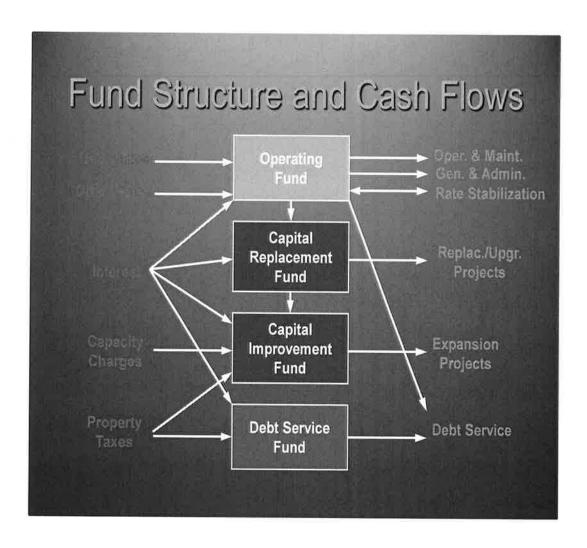

#500	Supplemental Water
#600	Property Tax
#700	Water Capacity Charges
#710	Sewer Capacity Charges -Town Division

The Administration Fund accounts for all of the assets and resources used for the general administration of the District. The remaining operating funds are "enterprise funds". The purpose of enterprise funds is to account for operations in a manner similar to private business enterprises. The policy defined by the elected Board of Directors is that the costs of providing service (expenses, including depreciation of providing goods and services) be financed or recovered primarily through user charges.

#### 2. FUND AND RESERVE STRUCTURES AND CASH FLOWS

The model below provides a helpful overview of the fund and non-designated reserve structure and cash flows of the District. The revenues (sources) of funds include user rates, other revenues, interest income, capacity charges and property taxes. The expenditures (uses) of funds include operations and maintenance, general and administrative costs, replacement and upgrade projects, expansion projects and debt service. In addition, there are transfers into, out of, and between funds and non-designated reserves.

#### AUDIT

An audit of the District's financial statements is conducted annually by the independent Certified Public Accounting firm of Rogers, Anderson, Malody and Scott, LLP. A copy of the most recent audit report may be found at the District's web site ncsd.ca.gov.

#### 4. THE NON-OPERATING BUDGET - CAPITAL IMPROVEMENT PROJECTS

Capital facilities (infrastructure) represent a major investment by Nipomo Community Services District. Supply, treatment, transmission, and distribution facilities are needed to provide water service to customers of the District. Investment in collection, transmission, treatment and disposal facilities are required for wastewater service. Capital investments are necessary to maintain reliable, high-quality service to existing customers and to provide facilities for future growth and economic development.

The magnitude of investment required for proper management of a utility system requires development of an effective long-range capital financing plan. The most important factor affecting capital expansion is growth in demand. As areas are developed or annexed, additional pressure is placed on a utility to provide water and wastewater services. The capital investment required to support this growth should be funded in such a way so that the financial risks relating to growth are minimized for the District and its customers. The Capital Financing Plan of the District will be funded with capacity charges paid for by new development, interest earned, property taxes, Certificates of Participation (in accordance with District adopted Debt Management Policy) and Assessment Districts.

A summary of the proposed Capital Improvement Projects and a description of each project may be found on page 30.

#### REVIEW DRAFT BUDGET FOR FISCAL YEAR 2024-2025 FOR THE **NIPOMO SUPPLEMENTAL WATER PROJECT (NSWP)**

#### ITEM

Review the draft 2024-2025 Fiscal Year ("FY") budget for Nipomo Supplemental Water Project ("NSWP") [RECOMMEND CONSIDER DRAFT BUDGET AND SCHEDULE FOR ADOPTION ON JUNE 12, 2024].

#### **BACKGROUND**

On May 1, 2024, the Finance and Audit Committee met and reviewed the draft Budget for FY 2024-2025 for NSWP.

The Nipomo Community Services District ("District"), City of Santa Maria ("City"), Woodlands Mutual Water Company ("WMWC"), Golden State Water Company ("GSWC"), Rural Water Company ("RWC"), along with hundreds of other individuals and entities are parties to a certain groundwater adjudication commonly referred to as the Santa Maria Groundwater Litigation. GSWC purchased RWC in 2015 and therefore is referenced below as GSWC/RWC. The Judgement (through the Stipulation) requires the District and the purveyor partners together ("Parties") to purchase and transmit to the Nipomo Mesa Management Area ("NMMA") a minimum of 2,500 acre-feet of "Nipomo Supplemental Water" each year, and to employ its best efforts to timely implement the Nipomo Supplemental Water Project ("NSWP").

The Judgment further provides that once the Nipomo Supplemental Water is capable of being delivered, the Parties shall purchase the following portions of Nipomo Supplemental Water each year to offset groundwater pumping within the NMMA.

ENTITY	PERCENT ALLOCATION	ACRE FEET/YEAR (AFY)
NCSD	66.68	1,667.00
WMWC	16.66	416.50
GSWC/RWC	16.66	416.50
TOTAL	100.00	2,500.00

On May 3, 2013, the District entered into a Wholesale Water Supply Agreement with the City of Santa Maria to purchase supplemental water. Upon completion of the interconnection, the minimum quantity of purchase/delivery is as follows:

DELIVERY	FISCAL YEAR	MINIMUM DELIVERY
YEARS	ENDING	VOLUME (AFY)
1	July 1, 2015 to June 30, 2016	645
2-5	July 1, 2016 to June 30, 2020	800
6-10	July 1, 2020 to June 30, 2025	1,000
11- Term	July 1, 2025 to June 30, 2035	2,500

On July 2, 2015, supplemental water began flowing from the City of Santa Maria into the Nipomo Community Services District system.

On October 16, 2015, the Supplemental Water Management and Groundwater Replenishment Agreement ("Agreement") was approved by the District, WMWC, GSWC and RWC. The agreement outlines all parties' responsibilities and obligations relating to the delivery and payment of supplemental water. Section VIII of the agreement states in part as follows:

- A. District shall operate the NSWP as an enterprise fund, separating all costs related to the NSWP within and only to that NSWP fund. Prudent Utility Practices shall apply to District's management of the NSWP Enterprise Fund.
- B. Each Fiscal Year District shall prepare a NSWP Enterprise Fund Budget (Budget) for all revenues and expenditures related to the NSWP Enterprise Fund. The Budget shall include a summary of projected NSW deliveries and Costs associated with those deliveries. A draft of the Budget shall be available to each Water Company for review by May 1<sup>st</sup> of each year. District shall make every reasonable effort to adopt the final Budget during June of each year at a regularly scheduled District board meeting. The Advisory Committee shall determine the most effective content, format and reporting frequency for financial and budget reports for the NSWP Enterprise Fund.
- C. The Budget shall provide the basis for and detail the cost allocations and quarterly billing described in Section IX.

The District receives and pays a quarterly invoice from the City for the cost of water. The District in turn invoices WMWC and GSWC for their applicable percentages of the cost of water, in addition to other applicable costs pursuant to the agreement. WMWC and GSWC are current and continue to make quarterly payments to the District.

Attached is the draft Budget based on the purchase of 1,050 acre feet of supplemental water (1,000 acre feet per contract plus 50 acre feet operational buffer). The City adopted a new rate structure commencing January 1, 2024. The Base Energy Cost CPI will be adjusted based on the July index; however, the City has agreed to implement the energy adjustment to coincide with the January 1 rate increases. The Operations and Maintenance ("O&M") Budget has been estimated based on current fiscal year expenditures plus an average of 6% inflation, with the exception of increases in electricity for 20% and Insurance for 11%. The administrative fee is set at 15% of O&M costs.

#### STRATEGIC PLAN

**Goal 4. Finance:** Maintain conservative, long-term financial management to minimize rate impacts on customers while meeting program financial needs.

B.1 Evaluate, plan for and maintain finances that are adequate for all needs, stable, and reliable over the long-term.

#### FISCAL IMPACT

The cost of drafting and reviewing annual budget was included in this year's budget.

#### RECOMMENDATION

It is recommended your Honorable Board provide direction to Staff and set Wednesday, June 12, 2024, 9:00 a.m. as the date and time for a Public Hearing to consider adoption of the NWSP Budget for Fiscal Year 2024-2025.
